
Thank you for using DocFind[®] and requesting this printer-friendly view of your search results. This provider list reflects the search criteria you selected. Your search criteria are shown at the top of the first page, and include your health plan, the requested provider type and your specific geographic choice.

Provider information contained in Aetna's online directory is updated 6 days a week. This excludes holidays, Sundays, or interruptions due to system maintenance, upgrades or unplanned outages. Please check with the provider before scheduling your appointment to confirm he or she is participating in Aetna's network. The availability of any particular provider cannot be guaranteed.

Participating physicians, hospitals and other health care providers are independent contractors and are neither agents nor employees of Aetna.

Your printout will show as one list. It doesn't distinguish whether a doctor is in a designated network or not. To see which network the doctor is in, refer to the online list.
