

**Special offer for Aetna® members with the Pinellas County School District**

**When you or an adult dependent get a flu shot at select CVS® HealthHUB™ locations, Aetna will offer a \$10 gift card\***

**Your no-cost flu shot helps protect you and those you love**

Getting your flu shot is one of the best ways to build immunity this season. And to keep you and your loved ones safe during the holidays. The vaccine is safe and effective. Plus, you can get your flu shot and bivalent COVID-19 booster at the same time.

**Who needs a shot?**

The Centers for Disease Control and Prevention (CDC) recommends everyone six months and older should get a flu vaccine every season, with rare exceptions.<sup>1</sup>

Vaccination is especially important for children, people who work in settings with high infection rates, older adults, and anyone with a health condition or weakened immune system.

**How to get your no-cost flu shot:**

- Schedule your vaccine appointment at select [CVS HealthHUB](#) location.
- Visit the wellness room at the following CVS HealthHUB locations during flu clinic hours.
