

Get the **FLU** **SHOT** not the flu!

Experts are predicting the flu season to continue through spring. It's not too late to get your flu vaccine. The flu shot takes about 2 weeks to become fully effective.

Aetna members

All Aetna member can receive a flu shot at no cost at any pharmacy.

Insured through another company

Most insurance companies will cover flu shots at no cost at most pharmacies. Contact your insurance company for more details and any restrictions.

Not insured

If you do not have insurance, you can still get a flu shot if you are 18 years or older. You can visit any of the following pharmacies with no appointment to get a flu shot.

Costco - \$19.99 per flu shot. You do not need a Costco Membership to receive a flu shot.

CVS/Target - \$25.00 per flu shot. You will also receive a \$5 off coupon on any \$25 purchase for receiving a flu shot.

Sam's Club - \$30.00 per flu shot. You do not need a Sam's Club Membership to receive a flu shot.

Walgreens - \$31.99 per flu shot. For every person that receives a flu shot, Walgreens will help provide a lifesaving vaccine to a child in a developing country. For more information, visit www.walgreens.com.

Publix - \$42.00 per flu shot.

Please note these prices are subject to change.
