

# Well on your way

to a healthier workplace

## Together, Aetna and CVS Health are redefining local care

We're investing in communities where your employees live. We're connecting them to the care they need, when they need it. The result: a simple health care experience at a lower cost, to help people on their path to better health.

### Expanding HealthHUB® locations\* at CVS Pharmacy® stores

**70%**

of the population live within three miles of a CVS Pharmacy.<sup>1</sup>

#### Local

Reaching your employees when, where and how they need us

#### Simple

Empowering them to navigate the health care system, connecting them to information and resources

#### Accessible

Paving their path to better health, making access to quality care easier

### Where good health is every day

At each HealthHUB location, we're helping to create better health outcomes, improve consumer engagement and lower medical costs.

Convenient neighborhood destination for high-quality care at a lower cost

New health services area to connect your employees to care

Advanced pharmacy and MinuteClinic® services for personalized care and support

Easy-to-access health services for certain chronic conditions

Tech-enabled stations with connected devices for education and resources

New store design that promotes products for everyday health

### Where we can help those with chronic conditions, right where they want it

**6 in 10**

adults in the U.S. have a chronic disease.<sup>2</sup>

**68%**

of consumers are interested in using retail clinics for their chronic conditions.<sup>3</sup>

**60%**

of the customers who accept help from the care concierge go on to use a HealthHUB service.<sup>4</sup>

### We're about being local

with the expansion of the HealthHUB locations.

### And we're not stopping there

We're finding new ways to engage your employees, every day, everywhere:

Reducing unnecessary emergency room visits and readmissions

Intervening earlier, when it counts, for chronic care

Providing education and support right when they need it

**Call your Aetna® representative to learn more.**
