What's Changing for 2019

Aetna: New Medical Plans

Review pages 7–21 to make sure you understand how this change affects you.

You will still choose from three plans—new names, similar plan designs with prescription drug and premium changes. The provider networks will also change. Visit *aetnapcsb.com* or *aetna.com* to confirm that your doctors and other providers are part of the network before you enroll.

All three plans are now open access—No primary care physician (PCP) designation and no specialist referrals will be required! This gives you more flexibility to choose your doctors.

Aetna PayFlex®: New FSA Administrator

Starting Jan. 1, Aetna PayFlex will administer our Healthcare and Dependent Care FSAs. If you enroll in a Healthcare FSA, you will receive a PayFlex account debit card funded with your full 2019 election amount. See page 25 for FSA information.

Remember,
you must submit all
2018 claims to Humana
by March 31, 2019
or you will forfeit any
money left in your
account.

Aetna Health Promise: New Wellness Program

Aetna Health Promise will replace Go365 as our wellness platform in 2019. The Aetna Health Promise will provide employees with free biometric screenings, Health Assessments, Get Active challenges, and online coaching. Watch for more information over the coming months.

Healthcare BlueBook More Rewards and Higher Dollar Amounts

Starting in January, Healthcare BlueBook will offer rewards for more procedures and the dollar amounts for those rewards are increasing—up to a maximum of \$200. NEW PROCESS: Before visiting a Fair Price provider, you must go online and search for the procedure to receive your reward(s). See page 16 and go to www.pcsb.org/Healthcarebluebook for details.

No Changes to Other Benefits

There are NO benefit changes to the dental, vision, life, disability, and other benefit plans. You can learn about these plans in the "Benefit Summaries" section of this guide. If you are currently enrolled in any of these benefits and do not act by Nov. 5, your current coverage will continue, including FSA elections.

CHECK IT OFF

- Enrolling dependents? Are your dependents still eligible? New dependents will require verification. You will need to enter your eligible dependents' Social Security numbers.
- □ Enrolling in or increasing your current optional life insurance and/or disability insurance? You will need to complete a medical questionnaire and your coverage will be subject to approval by the respective insurance company.
- ☐ Enrolling in MetLaw? Call 800-438-6388 or go online at metlife.com/mybenefits to enroll or change your coverage.

Enrollment Details

Dependent Eligibility Verification Are My Dependents Eligible for Coverage?

If you're eligible for coverage, you may also enroll your legally married spouse and dependent children. Children are covered through the end of the calendar year in which they reach 26 and may be your biological, step, and/or adopted (or proposed for adoption) children. You may also enroll children for whom you have permanent legal guardianship. If you have a disabled child reaching the limiting age by Dec. 31, 2018, contact Risk Management & Insurance at 727-588-6197 to request Aetna's Disabled Dependent Request for Coverage form and the Disabled Dependent Physician form.

Enrolling a New Dependent?

If you're enrolling a dependent spouse or child in coverage for the first time, send documentation proving your relationship. Acceptable documentation includes:

- For a spouse, provide your marriage license or the first page of your recent tax return with your spouse's name listed. You may mark out any financial information from the tax return document.
- For a child, provide:
 - Biological children: the child's birth certificate
 - Stepchildren: birth certificate and your marriage license
 - Adopted children: adoption decree
 - Children for whom you have permanent legal guardianship: court documents naming you as permanent legal guardian

You must email or fax your documentation by Nov. 30, 2018.

- Email: joneskev@pcsb.org
- Fax: 727-588-6182, ATTN: Verification Representative

Ineligible Dependents

If your enrolled dependent loses eligibility during the year (for example, divorce, etc.) you must notify Risk Management and Insurance with 31 days of the event to cancel coverage for that dependent. Continuing coverage for an ineligible dependent, whether intentionally or through oversight, constitutes fraud and comes with a penalty.

Other Options for Medical Insurance

If you cannot afford to enroll them in a PCS medical plan, consider the following:

- Children: Consider Florida
 KidCare, the state-sponsored
 health care program for
 children from birth through
 age 18 who meet specific
 eligibility requirements.
 For more information, call
 800-821-5437 or visit
 floridakidcare.org.
- Spouse and/or child(ren):
 If your spouse is employed,
 consider his or her employer's
 group health insurance. If
 your spouse is not employed
 or his or her employer doesn't
 offer group health insurance,
 the federal Health Insurance
 Marketplace may offer costeffective alternatives. You can
 also enroll your child(ren) in a
 Marketplace plan.

Midyear Benefit Changes

The choices you make during Annual Enrollment are effective Jan. 1 through Dec. 31, 2019. If you experience a qualified change in status event, you have 31 days to change your elections. Change in status events include but are not limited to: marriage or divorce; death of a spouse or other dependent; or birth or adoption of a child.

You may enroll, change, or cancel your or your dependents' health insurance and/or supplemental insurance elections (dental, vision, life, AD&D, or income protection) consistent with the change in status. Your request to change benefits must be submitted within 31 calendar days of the change in status, and changes are effective the first day of the following month after your paperwork is received by Risk Management and Insurance. Review the online BENEFlex Guide for details.

Don't Need Medical Coverage? Maximize Your Board Contribution

If you don't enroll in a PCS-sponsored medical plan, you can use your \$75 per-pay-period Board Contribution (credit) to pay for supplemental benefits. Here's how it works.

\$75 Per-Pay Board Contribution (Credit)

You must elect the benefits you want during Annual Enrollment or you will forfeit the \$75 per-pay credit.

Pay for these supplemental benefits

- Hospital Indemnity Plan (HIP)
 - Dental
 - Vision
- Accidental Death and Dismemberment (AD&D)
 - ◆ Long- and Short-Term Disability

And/or deposit \$10-\$25 in a

Healthcare FSA

That's up to \$500 per year tax-free to pay eligible medical, dental, and vision expenses!

Your benefits cost money, for both you and PCS. Not having the right coverage could cost a lot more. Take time to consider your and your family's benefit needs and review your options. Learn more on the pages noted and review rates on pages 30–31.

Medical—Meet Aetna

Choose from Three Plans • New Names, Similar Benefits

You will continue to choose from three medical plans, shown below. The benefits under each plan will be very similar to the current plans, but the plan names and provider networks will change. If you do not make a change during Annual Enrollment, you will automatically be enrolled in the corresponding plan, and new rate, at the same coverage level you currently have.

| TODAY | NEW PLAN EFFECTIVE JAN. 1, 2019 | | | | |
|-----------|--|--|--|--|--|
| TODAY | PLAN NAME | NETWORK | | | |
| HMO STAFF | Select Open Access | Aetna Select Open Access | | | |
| NPOS | Choice POS II (Point of Service II) | Choice POS II (Point of Service II) | | | |
| CDHP | CDHP + HRA* (Health Reimbursement Account) | Aetna Select Open Access | | | |

The HRA will replace the Personal Care Account (PCA). They work the same, but the name has changed. See page 13 for details about the HRA.

Medical Plan Improvements and Changes

Open Access Gives You Control

All three plans feature national networks of doctors and other health care providers. Regardless of the plan you choose, you do not have to select a PCP and specialist referrals are not required.

- The Select Open Access and CDHP + HRA are in-network-only plans you must use network providers to receive benefits (except for qualified emergencies).
- The Choice POS II offers out-of-network coverage (at a higher cost to you). Consider this plan if you need to use out-of-network providers. When you use in-network providers, you will pay lower negotiated rates, compared to out-of-network providers.

New ID Cards

You will receive two ID cards per family. If you need additional cards, you can request cards from Aetna Concierge Customer Service, access your ID cards on the Aetna Mobile app, or print cards after you register for your personal member website.

Continues on next page.

Are You Participating in Go365?

Go365 ends Dec. 31, 2018 Submit activities by Nov. 1

Go365 ends at midnight on Dec. 31, 2018. You can continue to earn Points and redeem Bucks until then. Starting Jan. 1, 2019, you will not be able to log in to your Go365 account to submit activities or redeem Bucks.

To make sure you have time to redeem your Bucks before the cutoff, we recommend you submit all manual activities by Nov. 1, 2018 or as soon as possible after you complete activities.

If you reached Silver Status as of Aug. 31, 2018, you will receive the Wellness Premium Credit for the 2019 plan year, starting with your first paycheck in December 2018. Go365 Silver Status earned between Sept. 1 and the end of this calendar year will not apply to the 2020 plan year.

Medical—Aetna (continued)

Aetna Prescription Drug Program

Review pages 14–15 for more information about the prescription drug program.

Prescription drug deductibles and co-pays will not change for 2019; however, the name of the drug levels have changed, and how drugs are assigned to each level are based on Aetna's formulary (drug list). Our initial analysis of the new formulary indicated that 45% of prescriptions will fall into a lower co-pay level and 45% will remain in the same co-pay level.

The program uses Aetna's Premier Plus Open Formulary. Each drug is grouped as a generic, preferred-brand, non-preferred brand or specialty drug. You pay co-pays for generic and preferred brand drugs. You will pay a deductible first, then co-pays for non-preferred brand and specialty drugs.

Aetna Rx Co-pays 30-Day Supply Retail

| Level | Co-pay/Deductible | |
|--|-------------------|--|
| Generic | \$20 | |
| Preferred Brand | \$50 | |
| Non-Preferred \$90 + \$250 annual deductik | | |
| Specialty \$120 + \$250 annual deductible | | |

90-day Supply Maintenance Rx

2 co-pays at a retail pharmacy or by mail order. Does not apply to specialty drugs.

You will save the most when you use generic drugs, and preferred brand drugs when a generic is not available. Non-preferred brand drugs are higher cost and often have a generic or preferred brand alternative that can save you money. Specialty drugs have the highest cost and typically include drugs that require special handling, special storage, or monitoring. These types of drugs may include, but are not limited to, drugs that are injected, infused, inhaled, or taken by mouth.

Following are highlights of other program features. Please call Aetna's Concierge Customer Service at **866-253-0599** if you have any questions about your prescription drug coverage.

Step Therapy. Step therapy requires you to try one or more alternative drug(s) before a step therapy drug is covered. See page 14.

Precertification. Certain drugs require precertification by Aetna, even if they were previously covered by Humana. You or your doctor will need to get approval from Aetna before your prescription will be covered. See page 14.

90-Day Prescription Drug Transition of Coverage (TOC). If you or a covered dependent are currently taking medications that will require precertification by Aetna, precertification and/or step therapy will be waived for any refill prescriptions received during the first 90-days of coverage (January 1 – March 31, 2019). This will allow you or your covered dependent(s) avoid disruption to an effective drug regimen. Additionally, you will not need to go through the precertification process for the refilled prescriptions after the transition period—your medication will be automatically "grandfathered" for the remainder of 2019.

ENROLL ONLINE TODAY! • OCT. 24 – NOV. 5, 2018

Please note that prescription drug TOC does NOT apply to all medications, such as certain analgesics and injectables, and includes:

- Controlled substances because they must be managed
- Specialty medications that are used to treat complex or rare chronic conditions. Examples of these medications are HUMIRA, ENBREL, and XOLAIR
- Medications with safety edits as typically seen on pain killers or methamphetamines
- Prescriptions listed under the Aetna National precertification list

Aetna Rx Home Delivery. You can have maintenance drugs sent right to your home or anywhere else you choose with Aetna Rx Home Delivery® pharmacy. These are generic, preferred brand and non-preferred brand drugs that are taken regularly for chronic conditions like arthritis, diabetes, or asthma. Specialty drugs are not available via home delivery. Depending on your plan, you can get up to a 90-day supply of medicine for less cost. It's fast and convenient, and standard shipping is always free. See page 15 for more information.

Out-of-Pocket Maximums

- Out-of-pocket maximums are the most you will to pay for covered services in a plan year. When the amounts you pay for deductibles, co-pays, and coinsurance add up to the individual maximum, your medical plan pays 100% of the costs of covered services for the remainder of the year.
- In 2019, there will be a medical out-of-pocket-maximum and a separate Rx out-of-pocket maximum. Each medical plan has an individual and a family out-of-pocket maximum. Here is how it works.
 - Individual maximum. When the amounts you pay for the deductible, coinsurance, and co-pays for one person add up to the individual maximum, your plan will pay 100% of the allowed amount for that person for the remainder of the calendar year. If you have family coverage, this applies to each person until the family maximum is reached.
 - Family maximum. When the amounts you pay for deductibles, coinsurance, and co-pays for multiple family members add up to the family out-of-pocket maximum, your plan will pay 100% of the allowed amount for everyone enrolled in the plan for the remainder of the calendar year.

| Out of Pocket Maximum | 2019 Individual/Family | |
|-----------------------|------------------------|--|
| Medical only | \$4,500/\$9,000 | |
| Pharmacy only | \$1,750/\$3,500 | |

Healthcare BlueBook: More rewards and higher dollar amounts

Starting in January, Healthcare BlueBook will offer rewards for more procedures and the dollar amounts are increasing—up to a maximum of \$200.

NEW PROCESS: You must go online and search for the procedure before you visit a Fair Price provider to receive the reward. More information will be provided before the end of the year. See page 17 for more details.

Teladoc Replaces Doctor On Demand

Aetna medical plan members will pay a \$25 co-pay per visit for all plans. See page 16.

Before You Choose a Medical Plan

Check the Provider Networks at aetnapcsb.com

Avoid surprises in January by checking the provider networks at *aetnapcsb.com* before you decide on a plan. If you are enrolled in the HMO Staff today, you will be pleasantly surprised with the new Aetna Select Open Access plan—it uses a larger national Open Access Aetna Select network.

Check the Prescription Drug Network and Formulary

The program's network includes **all major retail pharmacies** as well as many independent pharmacies participating in the Aetna Pharmacy Management (APM) national retail pharmacy network. You can search the directory at *aetnapcsb.com* or *aetna.com* to find a pharmacy.

The prescription drug program uses the Premier Plus Open Formulary. The new Aetna formulary may classify drugs differently than Humana. It is very important that you review the formulary with your doctor before filling your first prescriptions in 2019.

You can view and print the drug list at *aetnapcsb.com* or call **866-253-0599** to speak with a concierge who can answer your questions.

Regardless of the Rx tier, some drugs may be subject to limitations and restrictions such as prior authorization requirements, quantity limits, and step therapy. Contact an Aetna concierge or see the online BENEFlex Guide at *pcsb.org/annual-enrollment* for more information.

The CDHP Health Reimbursement Account (HRA)

- When you enroll in the CDHP + HRA, PCS will fund an Aetna PayFlex card with up to \$500 (individual) or \$1,000 (family) each year. This amount is prorated based on your month of hire.
- You choose when to use the HRA. Aetna will not automatically apply your HRA funds when they process your claims.
- When you use your HRA PayFlex Card® you can pay the first \$500 (individual) or \$1,000 (family) of your eligible medical and/or prescription drug expenses. (You may also submit claim forms and receipts for reimbursement.)
- Any funds remaining in your HRA at the end of the plan year will roll over to the next plan year if you remain enrolled in the CDHP. If you enroll in another medical plan during annual enrollment or leave PCS, the HRA balance will be forfeited.
- Although you can use your HRA card to pay eligible expenses at the time
 of your visit, we recommend you wait until you receive your explanation
 of benefits (EOB) from Aetna. Pay the balance due based on your EOB to
 ensure you do not overpay.

Important Information About the PayFlex HRA and FSA Cards

When you enroll in the CDHP + HRA plan and you also enroll in a Healthcare Flexible Spending Account (FSA), you will receive **two** PayFlex debit cards to pay your eligible out-of-pocket expenses (including deductibles, coinsurance, and co-pays).

| Payflex Card | | Eligible Out-of-Pocket Expenses |
|--------------------|----------|---|
| HRA PayFlex Card | → | Pay for Medical/Rx Expenses |
| HCFSA PayFlex Card | → | Pay for Medical/Rx, Dental, and Vision Expenses |

The IRS requires that all payments made from FSAs and HRAs be substantiated or verified. While PayFlex will make every effort to automatically verify payments, in some cases they may ask you for documentation. If you do not respond by the deadline, your card will be "frozen" until you provide documentation, or you reimburse your HRA or FSA the amount of the payment.

Medical—Aetna (continued)

Aetna Prescription Drug Program

All medical plans include prescription drug coverage from Aetna. The program uses Aetna's Premier Plus Open Formulary. Each drug is grouped as a generic, preferred brand, non-preferred brand, or specialty drug.

You can view and print the drug list at *pcsb.org/healthinsurance*. Call Aetna Concierge Customer Service at **866-253-0599** with questions.

| Generic Drugs Lowest Cost | Preferred Brand Drugs Higher Cost | Non-Preferred Brand Drugs Higher Cost | Specialty Drugs Highest Cost | |
|--|---|--|---|--|
| \$20 co-pay | \$50 co-pay | \$90 co-pay | \$120 co-pay | |
| No deductible | | Deductible applies: \$250/individual \$500/family | | |
| You will save the most when you use generic drugs and preferred brand drugs when a generic is not available. | | Non-preferred brand drugs are higher cost and often have a generic or preferred brand alternative that can save you money. | Specialty drugs are the most expensive, high-technology and self-administered injectable medications not available on other levels. | |

Generic, preferred, and non-preferred brand maintenance drugs: You pay two co-pays for a three-month supply at the local retail pharmacy or through the Aetna Home Delivery service, after applicable deductibles. Specialty drugs are not available through this service.

Restrictions

Regardless of the Rx tier, some drugs may be subject to limitations and restrictions such as precertification requirements and step therapy. Contact an Aetna concierge or see the online BENEFlex guide at *pcsb.org/beneflex-guide* for more information. Call Aetna's Concierge Customer Service at **866-253-0599** with questions.

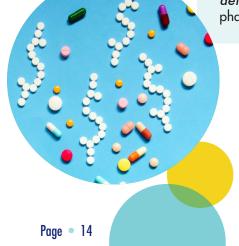

Step therapy requires you to try one or more alternative drug(s) before a step therapy drug is covered. The alternative drug(s) treat the same conditions, are equally effective, have U.S. Food and Drug Administration (FDA) approval, and may cost less. If you don't try the alternative drug(s) first, you may need to pay full cost for the brand-name version.

Precertification. Certain drugs require precertification and you or your doctor will need to get approval from Aetna before your prescription will be covered. This is one way that Aetna helps you and your doctor find safe, appropriate drugs and keep costs down. Generally, precertification applies to:

- Ensure compliance with dosing guidelines
- Avoid duplicate therapies
- Help health care providers confirm the use of your medication is based on generally accepted medical criteria

Locate a Participating Pharmacy

You can use all major retail pharmacies as well as many independent pharmacies participating in the Aetna Pharmacy Management (APM) National Retail Pharmacy Network. Go to aetnapcsb.com to find a pharmacy.

Aetna Rx Home Delivery

Enjoy convenient home delivery when you use Aetna's Rx Home Delivery service. You pay two co-pays for a 90-day supply of generic, preferred brand, or non-preferred brand drugs only. You can re-order online, by phone or by mail. Here's how to get started:

Use your secure member account. When you register and log in to your account you can download forms, re-order and track your prescriptions.

Call Aetna Concierge Customer Service at 866-253-0599 and they will contact your doctor for you. It will speed up the process if you let your doctor know Aetna will be calling.

Mail your home delivery order form and prescription. Ask your doctor to write a prescription for a 90-day supply with three refills. Download the form after you log in to your secure Member Website. You can also download the form from Aetna's website. Select "Individuals" on the home page, then "Find a form" under "For members." Complete the form and send it with your 90-day prescription to the address listed on the form.

Aetna Specialty Pharmacy®

Your doctor may prescribe a specialty medication which may be injected, infused or taken by mouth. Normally these drugs are not available from a retail pharmacy. Aetna's team of experienced nurses and pharmacists helps you understand how to use your medicine. They can answer your questions, provide training on self-injectable drugs, and help you cope with your condition throughout your therapy.

You can order medications through Aetna Specialty Pharmacy by calling 866-253-0599 or having your doctor submit your prescription through their e-prescribe service or by fax. You'll need to send Aetna a completed patient profile form. Forms are available when you log in to your secure member website or on Aetna's website (Select "Individuals" on the home page, then "Find a form" under "For members.")

Compound Medications

A Compound Medication is the mixture of two or more ingredients, with at least one of the ingredients being a federal or state restricted drug, which is prepared for patients by a pharmacist. These medications are prepared at the pharmacy by the pharmacist, as opposed to manufactured medications that are prepared by a pharmaceutical company. Members can receive covered compound medications at any in-network retail pharmacy, provided the pharmacy agrees to Aetna's Maximum Negotiated Price for the compound medication.

Ask your doctor to submit your prescription.

- Online. Your doctor can submit your mail order prescriptions using his or her e-prescribing service.
- Fax. Your doctor can your prescription to 877-270-3317.
 Please note, only your doctor can fax a prescription. Ask your doctor to be sure the cover sheet includes your:
 - Member ID Number
 - Birthdate
 - Mailing address

When You Need a Doctor, Make a Smart Choice

While your regular doctor is your normal "go to" for care, sometimes your doctor isn't available or convenient—for example, at night and on weekends. When you are enrolled in a PCS medical plan, you have several options when it comes to getting care. See the Medical Plans Comparison Chart for cost details.

If you are not sure where to go, call Aetna's 24-hour Nurse Advice Line at 800-556-1555 for guidance. However, if it's a serious or life-threatening situation, call 911 or go immediately to a hospital emergency room (ER).

Aetna Medical Plans Comparison Chart

Please note: The dollar amounts are co-pays, deductibles, and maximums, which you pay; the percentages are coinsurance amounts, which you pay after you meet applicable deductibles. The amount the plan pays may be based on usual, reasonable, and customary (URC) fees for out-of-network services only.

NEW = PCS Plan Changes

Understanding How Much You Have to Pay

- Health Reimbursement Account (HRA) (CDHP only).
 Use your HRA to pay your deductible, coinsurance, and Rx co-pays, reducing your out-of-pocket costs.
 Note the IRS requires that 100% of disbursements made from your HRA be substantiated or verified.
- Medical Plan Deductible (Choice POS II and CDHP + HRA). The amount you pay for medical expenses before the plan begins paying benefits.
- Coinsurance (Choice POS II and CDHP + HRA). The percentage of eligible medical expenses you pay after paying the deductible for most services.
- Co-pays The fixed amount you pay for medical care and prescriptions.
- Aetna Prescription Drug Program (all plans). You pay co-pays for generic and preferred brand drugs. For non-preferred brand and specialty drugs, you pay the Rx deductible before you pay co-pays.
- Out-of-Pocket (OOP)
 Maximums. This is the most you will pay for deductibles (if applicable), co-pays, and/or coinsurance in a plan year. There are two OOPs, one for medical expenses and one for Rx. When you reach an OOP maximum, the plan will pay 100% of those eligible expenses for the remainder of the plan year.

MetLife Hospital Indemnity Plan (HIP)

Hospital stays can be costly and are often unexpected. Even the best medical plans may leave you with extra expenses to pay out of your pocket like deductibles, coinsurance, and co-pays. The MetLife Hospital Indemnity Plan (HIP) pays a cash benefit when you or a covered dependent is hospitalized due to an accident or illness.

| Benefits | Benefit Amount |
|----------------------------------|--|
| Hospital Admission Benefit | \$500 |
| Hospital Confinement Benefit | \$250 per day, up to 30 days |
| Inpatient Rehabilitation Benefit | \$100 per day, up to 15 days per covered person, per accident but not to exceed 30 days per calendar year |

Pre-existing conditions limitations apply during the first 12 months for each person covered under the plan. Benefits will not be payable for pre-existing conditions for which, in 12 months before an insured becomes covered they received medical advice, treatment, or care from a physician; or the covered person had symptoms, or any medical or physical conditions that would cause an ordinarily prudent person to seek diagnosis, care, or treatment. If you are concerned about a pre-existing condition, please call MetLife to understand how this may or may not affect you.

Benefits reduced 25% for ages 65 to 69. Benefits reduced 50% for age 70+.

Please see plan certificate for inpatient hospital exclusions at pcsb.org/risk-benefits, "MetLife Voluntary Plans" link.

Income Tax Considerations for HIP and SunLife Disability

When you enroll in the SunLife Disability and/or the MetLife Hospital Indemnity Plan your payroll deductions are automatically deducted on a pre-tax basis, along with all your other benefit deductions (except Optional Life Insurance). This means that any disability benefit or HIP payments you receive will be subject to federal income taxes. To avoid paying taxes on these payments, you can elect to have your premiums deducted on an after-tax basis. If requested, your payroll deductions for all benefits will be taken on an after-tax basis. Your request must be in writing. For more information contact the Benefits Team at 727-588-6197.

Humana Advantage and MetLife Dental Plans

Smile! You and your family can choose the dental plan that best meets your needs, either the Humana Advantage Dental Plan or the MetLife Preferred Dentist Program.

Which Dental Plan Is Right for Me?

Here are some key differences between each plan. Please review the online BENEFlex Guide, a schedule of benefits, co-pays, and exclusions for each plan. Visit *pcsb.org/new-hire* or the carrier sites listed below for more information.

O Locate a Humana Advantage Plan (AVF-1) Provider

To receive benefits under this plan you must stay in-network and select a primary dentist who will coordinate your dental care and refer you to specialists. You do not need to list your primary dentist on the enrollment and change form. Follow these steps to find an in-network provider.

- 1. Go to www.humana.com
- 2. Click on "Member Resources"
- 3. Scroll to: "find a doctor"
- 4. Search type: Dental, then click → Go
- 5. Coverage type: check "all dental networks"
- 6. Enter your zip code or the zip code for the provider
- Choose "Humana Dental Advantage Plus" from the Network drop down menu

- 8. To search
 - a. by name, choose "Name" from the drop down menu and type your dentist's name in the box
 - b. for a provider listing, choose "Specialty" from the drop down menu and type "All" in the box (The list may be viewed or exported to a pdf file)

ID Cards. You should receive an ID card in approximately two weeks before your coverage starts. Provide the information on your ID card to your dental office.

Locate a MetLife Preferred Dental Provider (PDP) #G95682

While you have the option of using out-of-network providers and you receive the same percentages for in- and out-of-network services, the amount you pay if you go out-of-network could vary greatly. An in-network provider charges the negotiated PDP fee, which is lower than the dentist's actual charges. An out-of-network provider can charge you the negotiated fee plus the difference between the in-network PDP fee and his or her service charge. Here's how to find an in-network provider.

- **Go to** metlife.com.
- **Select** Dentist in the "I want to find a MetLife:" box on the home page. Enter your zip or city, state and under "Select Your Network" choose PDP Plus.

No MetLife ID Cards

MetLife does not issue ID cards. The Group Number is G95682. For more information call MetLife Dental customer service at 800-942-0854 or go to metlife.com/dental.

- Enter your zip code and select "Advantage" under "Choose Network."

If your contact lens fitting is more extensive, you will receive a 10% discount on the cost of a premium fitting.

About EyeMed Providers

EyeMed providers are independent eye care professionals contracted with EyeMed to provide services at negotiated rates. The EyeMed plan emphasizes high-quality routine eye care from a network of independent eye care professionals. Preexisting Condition Exclusion

Benefits will not be paid at any time for a period of disability occurring in the first 12 months that your insurance or an increased benefit amount is in effect, if that disability was caused or contributed by an accidental injury or sickness, including pregnancy, for which you did any of the following in the six months before your insurance became effective:

- Took prescribed drugs
- Consulted a doctor

Disability Benefits During Pregnancy

The plan provides coverage for a disability period up to six weeks postpartum for an uncomplicated pregnancy, and up to eight weeks postpartum for a cesarean delivery, providing that certification of disability is submitted by the attending physician. Federal and Legal Notices

Patient Protection and Affordable Care Act (PPACA, or Health Care Reform)

Starting in 2019, most Americans are no longer required to purchase health insurance coverage or pay a penalty. However, whether you are eligible for a premium subsidy depends on the plan offered by your employer. The medical plan offered by PSC does meet the affordability and coverage requirements.

- If you are offered health coverage through PCS, you will not be eligible for a premium subsidy through the Federal Marketplace.
- If you receive a premium subsidy, and you are insurance benefits eligible you may be responsible to pay the premium subsidy back to the IRS.
- If you cannot afford to enroll your spouse and/or child(ren) in a PCS medical plan, there may be costeffective options through the federal Marketplace and/or Florida KidCare. If you choose to opt out of PCS coverage and buy insurance in the Marketplace:
 - You will not receive a contribution from PCS towards the cost of your Marketplace coverage
 - You will not be eligible for a government premium subsidy to help pay for your Marketplace coverage
 - You may be responsible to pay the premium subsidy back to the IRS if you receive one and are eligible for insurance benefits

HIPAA

Special Enrollment Rights

If you or your eligible dependent(s) lose coverage under a Children's Health Insurance Program (CHIP) or Medicaid due to loss of eligibility for such coverage or become eligible for the optional state premium assistance program, if available in your state, you may enroll in a District-sponsored medical plan within 60 days of the date coverage was terminated or the date of eligibility for the optional state premium assistance program. To review the full notice please go to pcsb.org/page/464.

Employee Privacy Notice

Under HIPAA legislation, your employer and your health plan are obligated to protect confidential health information that identifies you or could be used to identify you and relates to a physical or mental health condition or the payment of your health care expenses. To review the full notice please go to pcsb.org/page/464.

HIPAA requires your employer and your health plan to notify you and your beneficiaries about their policies and practices to protect the confidentiality of your health information.

Refer to your plan's privacy notice for a detailed description of:

- Your plan's information privacy policy;
- Ways the plan may use and disclose health information about you;
- · Your rights; and
- Obligations the plan has regarding the use and disclosure of your health information.

Family and Medical Leave of Absence

The Family Medical and Leave Act (FMLA) of 1993 allows you to take a leave of absence, without pay, for up to 12 weeks during any continuous 12-month period, for the following reasons:

- Birth of a child
- Adoption of a child
- · Placement of a foster child into your care
- Caring for your seriously ill child, spouse, or parent
- Your own serious health condition
- For any qualifying exigency arising out of the fact that a spouse, son, daughter, or parent is a military member on covered active duty or called to covered active duty status.

An eligible employee may also take up to 26 work weeks of leave during a "single 12-month period" to care for a covered service member with a serious injury or illness, when the employee is the spouse, son, daughter, parent, or next of kin of the service member.

If you take a family medical leave to care for an ill family member or for your own serious illness, you may take the leave intermittently, as necessary.

You are eligible for family medical leave if you have worked for Pinellas County Schools for one year and have worked at least 1,250 hours during the previous 52 weeks prior to requesting the leave. You will pay the same group medical and dental insurance rates during your leave. When you return from your leave, you will be reinstated to the same or equivalent position.

Women's Health and Cancer Rights Act

The Women's Health and Cancer Rights Act of 1998 requires your health care plan to provide benefits for mastectomy-related services. These services include reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedemas). Coverage for these benefits or services will be provided in consultation with the participant's or beneficiary's attending physician.

If you are receiving, or in the future receive, benefits under a group medical contract in connection with a mastectomy, you are entitled to coverage for the benefits and services described above if you elect breast reconstruction. Your qualified dependents are also entitled to coverage for those benefits or services on the same terms. Coverage for the mastectomy-related services or benefits required under the Women's Health law are subject to the same deductibles and coinsurance or co-payment provisions that apply to other medical or surgical benefits your group medical contract provides.

Maternity and Newborn Length of Stay

Group health plans and health insurance issuers generally may not, under federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a normal vaginal delivery, or 96 hours following a cesarean section. However, federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Notice Regarding the Wellness Program

Pinellas County Public Schools Be SMART is a voluntary wellness program available to all employees. The program is administered according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008,

and the Health Insurance Portability and Accountability Act, as applicable, among others. If you choose to participate in the wellness program you may be asked to complete a voluntary health risk assessment or "HRA" that asks a series of questions about your health-related activities and behaviors and whether you have or had certain medical conditions (e.g., cancer, diabetes, or heart disease). You will also be offered the opportunity to complete a biometric screening, which will include a finger stick blood test for cholesterol, triglycerides, and glucose. You are not required to complete the HRA or to participate in the blood test or other medical examinations.

Incentives may be available from the wellness program for employees who participate in certain health-related activities or achieve certain health outcomes. If you are unable to participate in any of the health-related activities or achieve any of the health outcomes required to earn an incentive, you may be entitled to a reasonable accommodation or an alternative standard. You may request a reasonable accommodation through the wellness program. A member may submit a Disability Accommodation form, also available upon request from the wellness program, to request alternative engagement options to accommodate the disability.

IRS rules state that certain incentives, such as gift cards, given to employees through an employee wellness program are taxable. All cash and cash-equivalent (example: gift cards) incentives, regardless of value, will be reported to payroll and included in the employee's income and are subject to payroll taxes.

The information from your HRA and the results from your biometric screening will be used to provide you with information to help you understand your current health and potential risks, and may also be used to offer you services through the wellness program, such as the Diabetic Care Program, YMCA Diabetic Prevention program, or the Tobacco Care Program. You also are encouraged to share your results or concerns with your own doctor.

Important Notice from Pinellas County Schools About Your Prescription Drug Coverage and Medicare Part D

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Pinellas County Schools and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

- Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
- Pinellas County Schools has determined that the
 prescription drug coverage offered by the Aetna
 Prescription Drug Program is, on average for all plan
 participants, expected to pay out as much as standard
 Medicare prescription drug coverage pays and is
 therefore considered Creditable Coverage. Because your
 existing coverage is Creditable Coverage, you can keep
 this coverage and not pay a higher premium (a penalty)
 if you later decide to join a Medicare drug plan.

When Can You Join a Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th through December 7th.

However, if you lose your current creditable prescription drug coverage through no fault of your own, you will also be eligible for a two-month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens to Your Current Coverage if You Decide to Join a Medicare Drug Plan?

If you decide to join a Medicare drug plan and drop your current Pinellas County Schools coverage, be aware that you and your dependents will not be able to get this coverage back.

When Will You Pay a Higher Premium (Penalty) to Join a Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with Pinellas County Schools and don't join a Medicare drug plan within 63 continuous days after your current prescription drug coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go 19 months without Creditable Coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following November to join.

Medicaid and the Children's Health Insurance Program (CHIP) Offer Free or Low-Cost Health Coverage to Children and Families

If you are eligible for health coverage from Pinellas County Schools (PCS) but are unable to afford the premiums, some states have premium assistance programs that can help pay for coverage. These states use funds from their Medicaid or CHIP programs to help people who are eligible for employer-sponsored health coverage but need assistance in paying their health premiums.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in Florida, you can contact the Florida Medicaid office to find out if premium assistance is available. If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, you can contact the Florida Medicaid office or dial 877-KIDS NOW or go to *insurekidsnow.gov* to find out how to apply. If you qualify, you can ask if Florida has a program that might help you pay the premiums for an employer-sponsored plan. (NOTE: If your children live outside of Florida, contact the appropriate Medicaid office for that state.)

Once it is determined that you or your dependents are eligible for premium assistance under Medicaid or CHIP, PCS's health plan is required to permit you and your dependents to enroll in the plan—as long as you and your dependents are eligible but not already enrolled in an PCS plan. This is called a "special enrollment" opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance.
