These exams will be uploaded automatically within 45 to 60 days. The Self-Submitted exams include flu shot, skin cancer screening, dental cleaning/exam, and vision. These exams must be uploaded by the participant to count for their points. For full details of preventative exams, visit [PCS Limeade](https://www.pcsb.org/wellness).

March is Colon Cancer Awareness Month

Each year, March is designated as Colon Cancer Awareness Month to help raise awareness of colon cancer and the importance of early detection. Colorectal cancer affects men and women and all races and nationalities equally. Colon cancer can often have no symptoms which makes routine screenings so important because it’s much easier to treat when caught in an early stage.

Talk to your doctor about what screenings are right for you!
