October is Breast Cancer Awareness Month

About 1 in 8 women will develop breast cancer in their lifetime. Breast cancer is the second leading cause of death among women. There is no way to prevent breast cancer so it is important to get screened early and often. Women over the age of 40 years old are recommended to receive a mammogram annually. A mammogram can detect groups of cells found in the breast that may be cancerous. In addition to annual mammograms, all women, regardless of age, should perform self examinations every month to check for any changes in their breast tissue. To learn more about self examinations, visit nationalbreastcancer.org.

Recipe of the Month

Halloween Stuffed Peppers
Recipe: The American Diabetes Association
Picture: Hungry Healthy Happy

Ingredients
- 1 cup red or brown lentils
- 1 tbsp cilantro (chopped)
- 2 cup water
- 1/2 tsp salt
- 1 tbsp fresh ginger (grated)
- 1/2 tsp black pepper
- 2 clove garlic minced
- 1/4 tsp cayenne pepper
- 1 tsp turmeric
- 6 small bell peppers
- 1 lbs lean ground chicken
- 1/2 cup broth

Direction
1. Preheat oven to 350 degrees F.
2. Add lentils, water, ginger, garlic, and turmeric to a medium sauce man. Bring to a boil and reduce to a simmer, partially covered for 20 minutes. Set aside to cool.
3. While lentils cook, mix ground chicken, cilantro, salt, ground black pepper, and cayenne pepper in a medium bowl and set aside.
4. Cut the tops off of the peppers and cut out seed pods, save tops. Clean out the ribs and any seeds from inside. Carve jack-o-lantern faces into the sides of the peppers for a Halloween touch (optional). Line the peppers cut side up in a baking dish.
5. Once the lentils have cooled, stir them in to the chicken mixture and mix well to incorporate.
6. Fill each pepper with the chicken and lentil mixture but do not pack the mixture tightly.
7. Place each pepper top back on to the peppers, then pour the chicken broth into the bottom of the pan.
8. Bake for 1 hour or until the internal temperature of chicken mixture is 165 degrees.
