

Urgent Care vs. the Emergency Department

Getting the Right Care at the Right Place and Price

If you feel you need in-person care and can't wait for a doctor's appointment, an **urgent care clinic** is a better choice than the emergency room. Typically wait times are less and the cost is definitely less. There are over 40 in-network walk-in clinics and urgent care centers in the Tampa Bay Area. To find the closest in-network walk-in clinic or urgent care center, call **Aetna Concierge Services at 1-866-253-0599**- or access the Aetna-PCS Website at www.aetnapcsb.com and select "Provider Search":

- View pcsb.org/risk-benefits. Click the "Health Insurance" link on the left side of the page, click on "Find a Doctor."
- www.aetnapcsb.com, click the "Provider Search" button. Click "Plan from an employer" under "Not a member yet", enter your zip code and select plans under Aetna Open Access Plans (Aetna Choice POS II or Aetna Select). If you are a member, simply log into the Aetna Member Site and select "Find Care". Your information will already be pre-populated.
- The right choice depends on your symptoms. Call **Aetna's Informed Health Line**, 24 hours a day and speak with a licensed/registered nurse for help in choosing the right level of care. There is no charge for this service. Call 1-800-556-1555 (TDD/TTY: Dial 711 and ask operator to dial 1-800-556-1555)

URGENT CARE	EMERGENCY DEPARTMENT
<p>Non-life Threatening Symptoms: Go to an urgent care facility if you have a minor illness or injury and you are unable to schedule a timely visit with your doctor.</p>	<p>Life Threatening Symptoms: Call 911 or go immediately to the emergency dept. if you are experiencing sudden onset of serious and severe symptoms, and you believe that not getting immediate medical attention may result in loss of life, lasting physical damage, or serious injury.</p>
<p>Types of Conditions:</p> <ul style="list-style-type: none"> ▪ Earaches, sore throat, sinus pain ▪ Minor cuts where bleeding is controlled ▪ Sprains ▪ Skin rashes ▪ Colds, coughs, and sore throats ▪ Minor fevers and flu-like symptoms 	<p>Types of Conditions:</p> <ul style="list-style-type: none"> ▪ Signs of a heart attack, including chest pain or pressure ▪ Signs of a stroke, like sudden numbness in a limb or sudden inability to speak ▪ Uncontrolled bleeding ▪ Sudden or severe pain ▪ Coughing or vomiting blood or difficulty breathing or shortness of breath ▪ Sudden dizziness, weakness, or changes in vision or severe or persistent vomiting or diarrhea ▪ Changes in mental status, such as confusion
<p>Staffing & hours:</p> <ul style="list-style-type: none"> ▪ Staffed by doctors, nurses, physician assistants, and nurse practitioners ▪ Extended Hours ▪ No appointment needed ▪ Wait times vary ▪ Costs lower than Emergency Department 	<p>Staffing and hours:</p> <ul style="list-style-type: none"> ▪ Staffed by doctors and physician assistants ▪ Open 24/7 ▪ Wait times can be extensive (average is 4 hours) ▪ Out-of-pocket costs are highest
