### Moody's Message to Families

11/11/28

#### Vision

The vision of Pasadena Fundamental Elementary is 100% student success.

#### Mission

The mission of Pasadena Fundamental Elementary is to create a safe, fundamental learning environment where faculty, staff, parents, and community work in partnership to foster highest student achievement.

#### Veterans Day-Remembering All Who Served!

#### Amazing!

A huge thank you for the Panama City Hurricane Michael relief donations!

#### Teamwork Makes the Dream Work

Thank you, Pasadena parents and staff, for making the Kind Mouse food drive a huge success! Two hundred eighty-two Weekend Nibbles Bags were made by fifty-two volunteers! Kudos to Pasadena PTA for coordinating this community effort.

#### School is Open

School will be open on Monday, November 12, 2018-I received a message that St. Pete Beach Rec is closed on Monday.

#### Neighboring Businesses

Please do not park in the parking spaces of neighboring businesses. We have been informed that tow trucks will be called to assist with those violating this request. Additional parking is available for Pasadena at St. Petersburg College Wellness Center. The Wellness Center is located on the corner of 70th Street North and Burlington Avenue. Thank you for your help with this matter.

#### PLP-Personalized Learning Pathway

The Personalized Learning Pathway (PLP) is a new online platform that provides a dashboard of information about how a student is doing in school and on state/ district assessments. Students in grades 3-12 can keep track of clubs and volunteer activities as well as access online lessons for the areas they need more work on.

**Please note:** The Personalized Learning Pathway is built for students grades three through five. The younger students will get blank screens when they log in.

**Pasadena Fundamental School** Tour-11/12/18: 10:00 a.m. Please invite potential families to visit our school.

**Thanksgiving Break Challenge icon will be added to Clever on 11/12/18**

The purpose of this challenge is to encourage students to engage in learning over the break. In addition, with this challenge we hope that third through fifth grade students and their parents will become more familiar with the Personalized Learning Pathway and the built-in lessons. For K-2 students, we have directed them to myOn and Brain Pop Jr, both of which are exciting resources accessible through the students' Clever page. Of course, students can also continue their work in iStation, STMath or other curriculum being used at our school. An icon for these challenges will be placed at the top of the Clever page for our school on November 12.

The ELA PLP lessons are written to address individual standards at the MAP RIT band appropriate for the individual student. Students will work through several activities including videos and text and complete one or more tasks to practice using the standard. Students are directed to complete work on their own paper and turn the work into their teacher after break.
