

Goal 1: Graduation Rate

Pinellas County Schools / Bridging the Gap Reporting Template / 2019-20

Data Reporting Template

Action Goal (1.a.): Eliminate the gap between the graduation rates for black and non-black students.
Goal Manager: Rita Vasquez, Executive Director, High School Education

Baseline Condition (as of 2015-16)

Pinellas County Schools has a graduation rate for all students of 80.1% and a rate for black students of 65.5%. The district has seen a 10.9 percentage point increase in graduation rate among black students since 2012, with an improvement among all students of 8.1 percentage points. A gap in graduation rates still exists between black (65.5%) and non-black (83.4%) students, a gap of 17.9 percentage points.

Short-Range Target:

Increase the graduation rate for black students and decrease the gap by an average of 1.8% each year.

Long-Range Target:

Increase the graduation rate for black students each year with the goal of eliminating or greatly narrowing the gap within 10 years.

Annual Outcomes: To narrow or eliminate the gap between the graduation rates for black and non-black students within 10 years, PCS will monitor incremental change for the following annual outcomes:

Strategies & In-Process Measures

Throughout the year, PCS will monitor the following strategies and in-process indicators for incremental change to ensure the strategies are effectively narrowing or eliminating the gap between the graduation rates for black and non-black students. **NOTE:** Not all strategies in this plan are listed below for monitoring. Only those strategies specific to black learners and those required to support the fidelity of the plan and related research questions are listed below. The full plan with all of the district's actions listed is available on the district's website at pcsb.org/btg.

Goal 2: Student Achievement

Data Reporting Template

Action Goal (1.b.): Eliminate the gap between the proficiency rates on state and national assessments for black and non-black students.

Goal Manager: Kevin Hendrick, Associate Superintendent, Teaching and Learning

Baseline Condition (as of 2015-16)

Pinellas County Schools has a proficiency rate on the Florida Standards Assessment (FSA) for ELA-Reading of 56.4% for non-black students and 24.2% for black students, a gap of 32.2. The proficiency rate on the FSA for Math is 60.9% for non-black students and 27.9% for black students, a 33-point gap. Smaller gaps are found on national norm-referenced tests such as the ACT and SAT. For purposes of this goal, the gap is defined as the difference in performance between black and non-black students on state and national norm-referenced assessments.

Short-Range Target:

Decrease the gap in ELA-Reading and Math proficiency for black students by an average of 3.2% each year on state assessments.

Long-Range Target:

Increase the proficiency for black students and decrease the gap on state assessments by an average of 3.2% each year, with a target of equal proficiency for black and non-black students on state assessments.

Annual Outcomes:

To narrow or eliminate the gap between proficiency rates on state-required and national assessments for black students and non-black students within 10 years, PCS will monitor incremental change for the following annual outcomes:

Goal 3: Advanced Coursework

Data Reporting Template

Action Goal (1.c.): Eliminate the gap between accelerated participation and performance rates for black and non-black students.

Goal Manager: Judith Vigue, Director, Advanced Studies

Baseline Condition (as of 2015-16)

Pinellas County Schools has a participation rate that ranges from 12.8% for black students in high school honors classes to 9.1% in high school accelerated courses. The percentage of black students enrolled in career programs (CAPE) is about 17%. The total gap in enrollment among all advanced and accelerated courses for 2015-16 was 5.9 percentage points.

Short-Range Target:

Increase the percentage of black students enrolled in advanced and accelerated courses by an average of 1% each year, and increase the percentage of black students earning college credit and industry certifications by .5% each year.

Long-Range Target:

Increase the percentage of black students enrolled in advanced and accelerated courses by 1% each year to meet or exceed the percentage enrollment of black students (which was 18% in 2015-16), as well as increase the percentage of black students earning college credit and industry certifications to meet or exceed the district or state average.

Annual Outcomes:

To narrow or eliminate the gap between accelerated participation and performance rates for black and non-black students within 10 years, PCS will monitor incremental change for the following annual outcomes:

Strategies & In-Process Measures

Throughout the year, PCS will monitor the following strategies and in-process indicators for incremental change to ensure the strategies are effectively narrowing or eliminating the gap between accelerated participation and performance rates for black and non-black students. **NOTE:** Not all strategies in this plan are listed for monitoring. Only those strategies specific to black learners and those required to support the fidelity of the plan and related research questions are listed below. The full plan with all of the district's actions listed is available on the district's website at pcsb.org/btg.

Goal 4: Student Discipline

Data Reporting Template

Action Goal (1.d.): Reduce the disparity in the rates of disciplinary infractions between black and non-black students.

Goal Manager: Area Superintendents

Baseline Condition (as of 2015-16)

Pinellas County Schools has reduced its number of referrals (a decrease of 30.3%) and out-of-school suspensions (a decrease of 56.7%) for black students significantly since 2013-14, though the district has not reduced the disparity gap, as the number and percentage of referrals and suspensions for non-black students has decreased at a similar rate. The gap has remained somewhat constant. The gap is represented by a “risk ratio” and that number is 2.38 for referrals and 4.33 for suspensions, which means that black students are two times more likely to receive a referral and four times more likely to receive a suspension.

Short-Range Target:

Reduce the risk ratio for out of school suspensions by 0.33 each year.

Long-Range Target:

Reduce the number of referrals and suspensions for black students and reduce the risk ratio for black students for referrals and suspensions until it reaches the target ratio of 1.0 within 10 years.

Annual Outcomes: To reduce the disparity in the rates of disciplinary infractions between black and non-black students within 10 years, PCS will monitor incremental change for the following annual outcomes:

Annual Outcome Measures	Baseline (2015-16)	Planning Year (2016-17)	2017-18	2018-19	2019-20	2020 Target

Goal 5: ESE Identification

Data Reporting Template

Action Goal (1.e.): Reduce the disparity of black students being found eligible for Exceptional Student Education (ESE) programs.

Goal Manager: Lynne Mowatt, Executive Director, Exceptional Student Education

Baseline Condition (as of 2015-16)

Pinellas County Schools percentage of overall placements for Exceptional Student Education (ESE) is 14%. However, disproportionate representation of racial and ethnic groups in specific disability categories exist; specifically, the number of black students identified for placement (25%) is not representative of the black student population at PCS and remains disparate from the number of non-black students identified. The disproportionality of black and non-black students is represented by risk ratios. The disproportionate representation is largely found within the Emotional Behavioral Disability (EBD) designation. The risk ratio for overall placement in ESE in the 2015-16 school year was 1.45, which means that black students were nearly one and one half times as likely to be identified as an ESE student than non-black students. The risk ratio for EBD eligibility in the 2015-16 school year was 4.20, which means that black students were four times more likely to be referred for EBD services than non-black students.

Short-Range Target:

Reduce the risk ratio for EBD placement by one quarter (0.25) each year.

Long-Range Target:

Reduce the risk ratio each year with a target disparity rate at or near 1.0 within 10 years.

Annual Outcomes:

To reduce the number of black students being found eligible for Exceptional Student Education programs within 10 years, PCS will monitor incremental change for the following annual outcomes:

Annual Outcome Measures	Baseline (2015/16)	Planning Year (2016-17)	2017-18	2018-19	2019-20	2020 Target

Goal 6: Minority Hiring

Data Reporting Template

Action Goal (4.17) Increase the number of black teachers and administrators to closely mirror the student enrollment by ethnicity.

Goal Manager: Paula Texel, Assistant Superintendent, Human Resources

Baseline Condition (as of 2015-16)

Pinellas County Schools employs nearly 7,500 teachers, of which approximately 8% are black. The percentage breakdown of administrators in the district is about 22% black. The district enrollment of black students in 2015-16 was 18%.

Short-Range Target:

Increase the number of black teachers hired by an average of 1% each year.

Long-Range Target:

Increase the number of black teachers by 1% each year, with a target of meeting or exceeding the enrollment of the black student population.

Annual Outcomes:

To increase teacher recruitment and retention efforts to ensure that faculty diversity mirrors the student population, PCS will monitor incremental change for the following annual outcomes:

Annual Outcome Measures	Baseline (2015/16)	Planning Year (2016-17)	2017-18	2018-19	2019-20	2020 Target
# and % of total instructional positions / black	(622) 8.3%	Actual (647) 8.8%	(671) 9.2%	(651) 9.1%		13.0
		Target 9%	10%	11%	12%	
Related Outcomes Measures						
# and % of new instructional hires / black	No baseline	Actual 11.7%	(110 / 737) 14.9%	(88/664) 13.3%		
# and % of total administrative positions (combined district-based and school-based) / black	(83) 21.2%	Actual (86) 21.5%	(87) 22.0%	(111) 20.6%		

Strategies & In-Process Measures

Throughout the year, PCS will monitor the following strategies and in-process indicators for incremental change to ensure the strategies are effectively increasing teacher recruitment and retention efforts to ensure faculty diversity mirrors the student population. **NOTE:** Not all strategies in this plan are listed for monitoring. Only those strategies specific to black learners and those required to support the fidelity of the plan and related research questions are listed below. The full plan with all of the district's actions listed is available on the district's website at pcsb.org/btg.
