

PINELLAS COUNTY SCHOOLS BRIDGING THE GAP PLAN 2021-22

Quarter 3 Update

Progress Measures Issued: June 1, 2022

Bridging the Gap Plan Quarterly Summary

Bridging the Gap (BTG) is a Pinellas County Schools (PCS) initiative designed by the district to close or greatly narrow educational achievement gaps between black students and their non-black peers by the year 2027. With broad community input gathered during the plan's initial development in fall 2016, the BTG Plan outlines educational equity gaps across six goal areas:

Goal 1: Graduation Rate	Goal 4: Student Discipline
Goal 2: Student Achievement	Goal 5: ESE Identification
Goal 3: Advanced Coursework	Goal 6: Minority Hiring

The overarching goal of BTG is to provide pathways to improve the educational outcomes of black students, particularly regarding equitable performance on standardized assessments, improved graduation rates, participation in advanced level coursework, reductions in disproportionate disciplinary consequences and overrepresentation in Exceptional Student Education (specifically- Emotional/Behavioral Disability). Additionally, the district has prioritized increased teacher diversity to recruit and retain teachers of color.

The key findings presented in this report represent a summary of the implementation efforts for the six goals stated above. The ongoing evaluation of the BTG plan is designed to accomplish the following: (1) identify the extent to which PCS has developed structures and systems to support educational equity and meet stated goals; (2) highlight the successes of the BTG initiative, to date; (3) identify areas for refinement or improvement; and (4) establish a set of best-practice recommendations for improving the plan moving forward. The findings within this report are part of a multi-year evaluation of the BTG Plan which support annual improvements to the plan and district leadership.

Bridging the Gap Oversight and Monitoring

The Bridging the Gap (BTG) plan is a systemic initiative and large-scale effort to improve persistent inequitable educational outcomes for black students in Pinellas County Schools. To ensure alignment of the goals and desired outcomes, the district developed consistent methods and measures. Each year the BTG plan is refined to update strategies and actions aligned to current progress with quarterly updates communicated to the community. The Pinellas County School Board (Board) and district remain committed to the BTG plan, evident in the explicit inclusion of the plan each year within the Board approved <u>District Strategic Plan</u>. To ensure continuous improvement and attention to implementation, each goal within the BTG plan has a goal manager who works cross-functionally to develop, implement and monitor the strategic actions plans. Goal managers meet regularly with Executive Leadership, including the Superintendent, Deputy Superintendent, and Minority Achievement Officer, regarding progress and any barriers that need support.

The district has focused on three essential approaches for systemic change to promote educational equity aimed at developing employee and system awareness of achievement gaps in order to increase application and advocacy of best practices to improve educational outcomes for black learners. Thus far in implementation, essential approaches have been:

- 1. Supporting a deeper understanding of systemic inequities and implicit bias to better understand root causes of the achievement gap through equity-centered professional development.
- 2. Expanding data use to identify inequities, plan for improvement, and monitor progress of equity efforts.
- 3. Integrating culturally relevant and restorative practices within school structures as well as instructional and classroom management strategies to foster student learning environments that meet the needs of diverse learners.

The district has made progress particularly in the development and implementation of districtwide professional development opportunities and improving early warning systems. Within each BTG Goal, most action steps have focused on training for teachers and leaders, improved data monitoring and identifying and tracking of students who are at-risk.

There is evidence of systems-change in each of these key areas as the district has built data systems that track and measure the progress of students in meeting graduation requirements and matching students to advanced courses. Additionally, the district has invested in partnerships with national experts in equitable practices, developed staff to become local trainers and developed a robust set of training options.

Data outcomes measured within the plan have demonstrated improvement, though the COVID-19 pandemic has impacted progress during the 2019-20 and 2020-21 school years. As a district committed to continuous improvement, Pinellas County Schools recognizes there is still work to be done and is dedicated to ensuring the goals within the BTG plan are met or exceeded. Some goals within the BTG plan have demonstrated greater success in terms of student outcomes than others and the district will continue to refine and adapt the strategies and actions to align with current capacity and promote long-term systems-change and sustainability over time.

BTG 2021-22

The Bridging the Gap Plan outlines the district 10-year goals, annual benchmarks and strategies set for each goal area. While progress is expected each year, it should be noted that the gaps are not likely to decrease equally every year. The district may find that some gaps decrease quickly while others remain stable (or widen) until the plan's actions work in unison to bring about the systemic change needed to impact all gaps.

As the district is entering the fifth year of implementation, a significant review of strategies took place in the fall of 2021. The updated plan reflects new and enhanced in-process measures and actions to deepen implementation and increased impact for student outcomes. Strategies and actions that have been previously completed or become district ways of work remain documented within the overall plan to acknowledge the work that has been accomplished and continues to be supported.

Quarter 3 Overview

As in previous years and aligned to the progress reporting frequency noted in the 2021-22 Bridging the Gap Plan, there are fewer action item updates in quarter three based on data cycles associated with given goals. Goal 3: Advanced Coursework- Eliminate the gap in advanced and accelerated participation and performance rates for Black and non-Black students, has the largest number of action goal updates during quarter 3. Metrics within goal 3 regarding access continue to increase:

- Black students enrolled in MS advanced classes account for 20.7% of the students taking MS advanced classes (up from 20.1% in the previous year).
- Black students enrolled in MS accelerated classes account for 12.3% of the students taking high school core courses while in middle school (up from 10.1% in the previous year).
- Black students taking dual enrollment (DE) classes account for 14.2% of the HS students taking DE courses (up from 13.8% in the previous year).
- Black students taking Advanced Placement (AP) classes account for 11.6% of the HS students taking an AP course (up from 11.3% in the previous year).
- Black students taking International Baccalaureate (IB) or AICE classes account for 8.0% of the HS students taking an IB or AICE course (up from 6.9% in the previous year).

Bridging the Gap Plan Quarterly Summary	1
Bridging the Gap Oversight and Monitoring	1
BTG 2021-22	2
Quarter 3 Overview	2
Goal 1: Graduation Rate- Eliminate the gap between the graduation rates for Black and non-Black students.	4
Goal 1: Key Action Steps	4
Goal 1: Previous Action Steps and Current Ways of Work	7
Goal 2: Student Achievement- Eliminate the gap between the proficiency rates in reading (ELA) and mathematics on state and national assessments for Black and non-Black students.	
Goal 2: Key Action Steps	10
Goal 2: Previous Action Steps and Current Ways of Work	15
Goal 3: Advanced Coursework- Eliminate the gap in advanced and accelerated participation and performance rates f Black and non-Black students.	
Goal 3: Key Action Steps	19
Goal 3: Previous Action Steps and Current Ways of Work	26
Goal 4: Student Discipline- Reduce the total number of disciplinary infractions (referrals) and suspensions for Black students and decrease the disparity in referrals and suspensions for Black students to reach a level that is representative of the Black student population.	28
Goal 4: Key Action Steps	
Goal 4: Previous Action Steps and Current Ways of Work	33
Goal 5: ESE Identification- Reduce the disparity of Black students being found eligible for Exceptional Student Education (ESE)	35
Goal 5: Key Action Steps	35
Goal 6: Minority Hiring- Increase the number of Black teachers and administrators to closely mirror the student enrollment by ethnicity	38
Goal 6: Key Action Steps	38
Goal 6: Previous Action Steps and Current Ways of Work	42

Goal 1: Graduation Rate- Eliminate the gap between the graduation rates for Black and non-Black students.

Goal Manager: Rita Vasquez, Executive Director, High School Education

Baseline Condition (as of 2015-16): Pinellas County Schools has a graduation rate for all students of 80.1% and a rate for Black students of 65.5%. The district has seen a 10.9 percentage point increase in graduation rate among Black students since 2012, with an improvement among all students of 8.1 percentage points. A gap in graduation rates still exists between Black (65.5%) and non-Black (83.4%) students, a gap of 17.9 percentage points.

Aspirational Goal: Pinellas County will increase the graduation rates for Black learners each year at a higher rate than the non-Black graduation rate. The goal is to decrease the gap in graduation rates between Black and non-Black students by an average of 1.8 percentage points each year until the gap is eliminated or greatly narrowed.

Goal 1: Key Action Steps

Area of Focus	Action Steps	Progress Measure(s)	Outcome Measure		Mid-Year U	pdate		Quarter 3 Update
Academic Rigor and Standards- Based Instruction	1.1) Provide an instructional model that ensures rigorous, culturally-relevant instruction for all students using assignments aligned to challenging state standards, engagement strategies and student-centered practices. Note: This action denotes PCS action step for all students, not specific action for Black students.	% of Black students performing at or near proficiency on district cycle assessments by each subject	% of Black students meeting graduation readiness standards per grade level expectations	Grade level(s) 3-5 3-5 6-8 6-8 6-8 6-8 6-8 6-8 6-8 6-8 9-12 9-12 9 9 9 10 10 10 9-12 9-12	Content / Course Math Reading MJ Math 6 MJ Math 7 MJ Grade 8 Pre-Algebra Algebra Reading Algebra 1 Geometry Reading Writing Reading Writing Biology US History		tudents at or roficient 44 46 32 33 44 77 45 21 21 21 21 39 84 35 69 52 50	⊠Quarter 1 ⊠Quarter 2 □Quarter 3 ⊠End of Year
Academic Rigor and Standards- Based Instruction	1.2) Train teachers at each of the identified high schools to work directly with Black seniors who are in need of additional ELA-reading or math support in pull-out sessions using district- identified programs to graduate on time.	# of teachers trained (ELA and math)	# of teachers engaged in ELA and math support sessions	□Quarter □Quarter ⊠Quarter ⊠End of Yo	2 3			ELA: 38 teachers at targeted school were trained in supporting black L1/L2 students to use the ThinkCerca reading/writing preparation program each week in Q3. ThinkCerca is a very structured, scaffolded and individualized program that supports the closing of reading/writing gaps for students. ALGEBRA: 30 teachers at 11 schools were trained. Black L1/L2 students continue to receive in-person tutoring from algebra tutors who work closely with classroom achievement data and student specific IXL data.

Area of	Action Steps	Progress	Outcome	Mid-Year Update	Quarter 3 Update
Focus Academic Rigor and Standards- Based Instruction	1.3) Assign 3 new district literacy specialists to identified high schools to provide tutoring to 9th and 10th grade Black students who scored as L1 or L2 in the FSA ELA in prior year to close literacy skills gaps.	Measure(s) # of Black students receiving ELA tutoring.	Measure % of Black students meeting graduation readiness standards per grade-level expectations	Two literacy specialists were hired; however, one left the district at the end of semester one. Goal was to serve approximately 700 L1/L2 Black students in Eng 1 and Eng 2 classes. These are students who are regularly attending school and for whom the intervention hours would be able to be accomplished. Currently serving 230 students at Gibbs High, and in the process of restructuring the support to the other 7 schools to maximize intervention hours during semester 2.	□Quarter 1 ⊠Quarter 2 □Quarter 3 ⊠End of Year
Academic Rigor and Standards- Based Instruction	1.4) Assign 11 tutors to identified high schools to provide tutoring support in algebra classrooms to Black students who scored L1 or L2 on FSA math classrooms to close mathematics skills gaps	# and % of Black students being served by algebra tutors.	% of Black students meeting graduation readiness standards per grade-level expectations	650 Black students in 9th and 10th grades in algebra classes across 11 schools are being served by the algebra tutors.	□Quarter 1 ⊠Quarter 2 □Quarter 3 ⊠End of Year
Early Warning Systems and Monitoring Processes	1.5) Provide side-by-side coaching as needed to high school leadership teams, assistant principals and principals on using the Graduation Status Reports to focus support for Black students and review personalized learning plans for students who are not on track to graduate.	# of school principals targeted for coaching support	# of schools visited for coaching support	All 16 traditional high schools and 4 EAS programs were visited for coaching support during first semester and all high school leaders receive monthly updates on their school's graduation status and the progress of our Black subgroup toward meeting graduation requirements specifically.	□Quarter 1 ⊠Quarter 2 □Quarter 3 ⊠End of Year
Extended Learning	1.6) Ensure that all Black students who are not on	# of Black students NOT	% of Black students	During semester one, 385 Black students in grades 9-12 participated in APEX extended	□Quarter 1 ⊠Quarter 2 □Quarter 3

Area of Focus	Action Steps	Progress Measure(s)	Outcome Measure	Mid-Year Update	Quarter 3 Update
	track to graduate participate in-school extended learning opportunities before and after school and in extended year (Summer Bridge), as needed. Employ recruitment and targeted resources and strategies to increase attendance for Black students in all extended learning programs (ELP).	on track enrolled in in- school credit recovery programs # of Black students NOT on track enrolled in summer credit recovery programs	meeting graduation readiness standards per grade-level expectations	learning and earned credit recovery for 1,026 semester courses.	⊠End of Year
Extended Learning	1.7) Develop and implement a hybrid education program and supports within Pinellas Gulf Coast Academy for students in danger of not completing high school due to an inability to attend school in-person due to difficult life circumstances (e.g., students who need to work full-time to help support their families).	Program deployment # of Black students enrolled in program	# of Black students completing courses for graduation requirements within the program.	 Program developed and began in November 2021. As of 2/1/2022, 16 Black students enrolled 10 students in the 2018 graduation cohort (Class of 2022) 6 students in the 2018 graduation cohort (Class of 2023) 	□Quarter 1 ⊠Quarter 2 □Quarter 3 ⊠End of Year
Family and Community Engagement	1.8) Host virtual 'road to graduation' events for students and families in grades 9-12 that provide information about course and assessment requirements for students.	# of events hosted	<pre># number of participants and views (if virtual/recorded event)</pre>	Two virtual parent events were hosted during first semester. Communication regarding events was sent by the district (website, social media, PeachJar, direct connects, etc.). Recordings of those Graduation Requirements events are on PCS website. There was an 11th-12th Grade Parent event and a 9th-10th Grade Parent event. Families also received student-specific information regarding their student's current progress toward graduation.	□Quarter 1 ⊠Quarter 2 □Quarter 3 □End of Year

Goal 1: Previous Action Steps and Current Ways of Work

	school leaders in coaching conversations with teachers with disproportionate failures for Black students in core academic areas.				

Goal 2: Student Achievement- Eliminate the gap between the proficiency rates in reading (ELA) and mathematics on state and national assessments for Black and non-Black students.

Goal Manager: Kevin Hendrick, Associate Superintendent, Teaching and Learning

Baseline Condition (as of 2015-16): Pinellas County Schools has a proficiency rate on the Florida Standards Assessment (FSA) for ELA-Reading of 56.4% for non-Black students and 24.2% for Black students, a gap of 32.2. The proficiency rate on the FSA for Math is 60.9% for non-Black students and 27.9% for Black students, a 33-point gap. Smaller gaps are found on national norm-referenced tests such as the ACT and SAT. For purposes of this goal, the gap is defined as the difference in performance between Black and non-Black students on state and national norm-referenced assessments.

Aspirational Goal: Pinellas County will decrease the gap in ELA-Reading and Mathematics proficiency for Black students by an average of 3.2 percentage points each year on state assessments until the gap is eliminated or greatly narrowed.

Goal 3: Advanced Coursework- Eliminate the gap in advanced and accelerated participation and performance rates for Black and non-Black students.

Goal Manager: Judith Vigue, Director, Advanced Studies

Baseline Condition (as of 2015-16): Pinellas County Schools has a current participation rate for Black students that ranges from 12.8% in high school honors courses to 9.1% in accelerated courses (8.5% in AP courses and 12.3% in Dual Enrollment as examples) and career programs (CAPE enrollment is 17%). Middle school enrollments follow a similar pattern. The total gap for 2015-16 for all secondary students enrolled in advanced or accelerated courses was 5.9 percentage points and that gap widened slightly for 2016-17 to 6.1 points. The gap for enrollment in Gifted was 14.2 percentage points in 2015-16 and that gap improved slightly for 2016-17 to 14.0 points. There is presently no gap in the total enrollment across the district in application programs, though some gaps do exist in specific programs at certain schools. For purposes of this goal, the gap is defined as the difference between Black and non-Black students in the following areas:

- All students identified and enrolled in gifted (participation rates).
- Secondary students enrolled in advanced or accelerated courses (participation and performance rates).
- All students enrolled in district application programs (participation rates).

Aspirational Goal: Pinellas County Schools will increase the percentage of Black students enrolled in gifted, advanced and accelerated courses by an average 1% each year to meet or exceed the percentage enrollment of Black students (18% in 2015-16) and increase the percentage of Black students earning satisfactory performance standards by an average of .5% each year until that percentage meets or exceeds the district or state average. The district will also maintain or increase its current Black enrollment in district application programs (24.1% Black enrollment in 2015-16) across the district and increase its Black enrollment in specific application programs until they all meet or exceed the percentage enrollment of Black students.

Goal 3: Key Action Steps

Area of Focus	Action Steps	Progress Measure(s)	Outcome Measure	Mid-Year Update	Quarter 3 Update
Academic Rigor and Standards- Based Instruction	3.1) Provide open access to advanced and accelerated courses in middle and high school by eliminating entry criteria unless mandated by colleges, agencies (ex. Dual Enrollment- DE).	 # of Black students enrolled in MS # of Black students enrolled in HS # of Black students meeting DE eligibility criteria, # of Black students demonstrating potential for success on an AP exam 	% of Black students enrolled in advanced courses in MS % of Black students enrolled in accelerated courses in MS # and % of Black students enrolled in DE courses	□ Quarter 1 □ Quarter 2 ⊠ Quarter 3 ⊠ End of Year	 3351 black students enrolled in MS advanced classes account for 20.7% of the students taking MS advanced classes. 610 black students enrolled in MS accelerated classes account for 12.3% of the students taking high school core courses while in middle school 530 black students taking dual enrollment classes account for 14.2% of the HS students taking DE courses (up from 13.8%) 1156 black students taking AP classes account for 11.6% of the HS students taking an AP course (up from 11.3%) 223 black students taking IB or AICE classes account for 8.0% of the HS students taking an IB or AICE course (up from 6.9%)

	supports and strategies.			March-early July 2022.	

Goal 3: Previous Action Steps and Current Ways of Work

Area of Focus	Action Steps	Progress Measure(s)	Outcome Measure	Mid-Year Update	Quarter 3 Update
Academic Rigor and Standards- Based Instruction	3.16) Implement universal screening for gifted identification for all students before 2nd grade across all district elementary schools.	# and % of Black students screened	# and % of Black students identified as gifted	□Quarter 1 □Quarter 2 ⊠Quarter 3 □End of Year □Not Applicable	 Data as of 2/11/22: 568 black students screened which is 14.6% of all students screened (339 additional black students should have been screened since 2/11/22 which would make the percentage 17% of all screened – final data will be reported at end of year. 42 of 98 (43%) black students who went through evaluation have been identified as gifted; these 42 students represent 5.7% of students identified for gifted this year. We continue to universally screen all 1st grade students who have not been screened before, or who were screened in KG and scored over 80%. In addition in our 5 original transformation zone schools, we continue to screen any student in <u>any</u> grade level that hasn't been screened any second grader that we missed during last year's universal due to Covid.
Academic Rigor and Standards- Based Instruction	3.17) Implement Plan B eligibility measures and related processes in support of a wider identification of students for gifted services.	# and % of Black students identified via Plan B compared to non-Black students	Total # and % of Black students identified as gifted	□ Quarter 1 □ Quarter 2 ⊠ Quarter 3 □ End of Year □ Not Applicable	16 of 42 black students found eligible as gifted were found eligible under Plan B. This was 10.5% of the students found eligible under Plan B. Gifted eligibility is an ongoing process through the entire school year. New students are found eligible each week. Additionally, Plan B should be thought of and referred to as Alternative Eligibility for Gifted.
Academic Rigor and Standards- Based Instruction	3.18) Embed college readiness assessment preparation (e.g., district developed, SATpractice.org,	Curriculum guides with embedded strategies for SAT/ACT practice.		□Quarter 1 □Quarter 2 □Quarter 3 □End of Year ⊠Not Applicable	□Quarter 1 □Quarter 2 □Quarter 3 □End of Year ⊠Not Applicable

Area of Focus	Action Steps	Progress Measure(s) Outcome Measure	Mid-Year Update	Quarter 3 Update
	AlbertIO, etc.) into English 1, 2 and 3 classes across all district high schools.			
Academic Rigor and Standards- Based Instruction	3.19) Ensure equitable access for Black students to onsite, college readiness testing in every high school (PSAT, ACT, SAT).	 In-school administration of assessments to eliminate barriers to participation and level opportunities for performance include: Talent Identification Program (TIP) SAT for identified 7th graders PSAT 8/9 for all 8th graders PSAT/NMSQT for all 9th graders PSAT/NMSQT for all 10th graders Optional PSAT/NMSQT for 11th graders SAT for all 11th graders Optional SAT for 12th graders Waiver process in place for any student in need of support to access a non-school administered test. 	□Quarter 1 □Quarter 2 □Quarter 3 □End of Year ⊠Not Applicable	□Quarter 1 □Quarter 2 □Quarter 3 □End of Year ⊠Not Applicable
Early Warning Systems and Monitoring Processes	3.20) Provide the accelerated component report, related talking points and an Acceleration Plan template to principals and counselors to be used in individual meetings with Black students who have not yet successfully completed an accelerated option.	Data provided and discussed on regular basis with school leaders during Level and Area meetings.	□Quarter 1 □Quarter 2 □Quarter 3 □End of Year ⊠Not Applicable	□Quarter 1 □Quarter 2 □Quarter 3 □End of Year ⊠Not Applicable

Area of Focus	Action Steps	Progress Measure(s) Outcome Measure	Mid-Year Update	Quarter 3 Update
Family and Community Engagement	3.21) Ensure that each high school hosts an awareness event for high school parents to detail the SAT Suite of Assessments, the official SATpractice.org provided through Khan Academy and the scholarship opportunities connected to PSAT results.	Schedule of events at each school. Each school is provided materials including handouts and videos to support robust discussions and information for students, parents and families.	□Quarter 1 □Quarter 2 □Quarter 3 □End of Year ⊠Not Applicable	□Quarter 1 □Quarter 2 □Quarter 3 □End of Year ⊠Not Applicable
Family and Community Engagement	3.22) Ensure an equitable representation of Black learners in Advanced Studies recognition ceremonies (such as PRIDE, AVID Pinning and the Honors Breakfast).	Communication materials and efforts to encourage student and family participation for those who meet academic criteria.	□ Quarter 1 □ Quarter 2 □ Quarter 3 □ End of Year ⊠ Not Applicable	□Quarter 1 □Quarter 2 □Quarter 3 □End of Year ⊠Not Applicable

Goal 4: Student Discipline- Reduce the total number of disciplinary infractions (referrals) and suspensions for Black students and decrease the disparity in referrals and suspensions for Black students to reach a level that is representative of the Black student population.

Goal Manager: Michael Vigue, Area Superintendent

Baseline Condition (as of 2015-16): Pinellas County Schools has reduced its number of referrals (a decrease of 30.3%) and out-of-school suspensions (a decrease of 56.7%) for Black students significantly since 2013-14, though the district has not reduced the disparity gap as the number and percentage of referrals and suspensions for non-Black students has decreased at a similar rate. The gap has remained somewhat constant. The gap is typically represented by a "risk ratio" and that number is just over 2.0 for referrals and 4.0 for out-of-school suspensions, which means that Black students remain about two times more likely to receive a referral and four times more likely to receive an out-of-school suspension.

Aspirational Goal: Pinellas County Schools will decrease the number of referrals and suspensions given to Black students until it meets or is less than the percentage enrollment of Black students (18% in 2015-16) and until the risk ratio is at or near 1.0. The district will closely monitor its out-of-school suspensions given to Black students with a goal of decreasing its disparity rate by one-third (.33) each year.

Goal 4: Key Action Steps

Area of Focus	Action Steps	Progress Measure(s)	Outcome Measure	Mid-Year Update	Quarter 3 Update
Tier 1- Schoolwide Practices	4.1) Develop and implement a district monitoring system to measure the success of schools in implementing PBIS (Positive Behavior Interventions and Supports) with fidelity.	% of schools with behavior plans that integrate critical components of PBIS and Restorative Practices.	% of schools demonstrating satisfactory implementation on the Fall PBIS Implementation Checklist (PIC)	66.4% of schools demonstrated satisfactory implementation on the Fall PBIS Implementation Checklist (PIC).	□Quarter 1 ⊠Quarter 2 □Quarter 3 □End of Year
Tier 1- Schoolwide Practices	4.2) Ensure all schools develop and implement a schoolwide behavior plan that integrates all the critical components of PBIS (schoolwide expectations / rules, guidelines for success, plan for teaching pro-social / appropriate student behavior, and positive reinforcement for behavior).	Quarter 2: % of school teams that complete and implement Self- Assessment (SAM), which measures school-level implementation of a multi-tiered system of supports (MTSS) Quarter 3 % of schools completing the Tiered Fidelity Instrument- Restorative Practices (TFI-RP) End of Year % of schools	Quarter 2 % of schools scoring satisfactory on the SAM Quarter 3 % of schools scoring satisfactory on the TFI-RP End of Year	 -% of elementary schools scoring satisfactory on SAM: 89% -% of middle schools scoring satisfactory on SAM: 75% -% of high schools scoring satisfactory on SAM: 62.5% -% of other schools (Tech, ESE, etc.) scoring satisfactory on SAM: 90%. 	TFI-RP assessments are being submitted by the end of April. Schools have continued to review schoolwide expectations (typically on a quarterly basis) and revisit classroom guidelines for success as needed. School based leadership teams are working with stakeholder to update PBIS strategies as they prepare for the 22-23 school year.
		completing the Benchmarks of Quality (BOQ)	% of schools earning 80% or higher on the BOQ

Goal 5: ESE Identification- Reduce the disparity of Black students being found eligible for Exceptional Student Education (ESE).

Goal Manager: Lynne Mowatt, Executive Director, Exceptional Student Education

Baseline Condition (as of 2015-16): Pinellas County Schools percentage of overall placements for Exceptional Student Education (ESE) is 14%. However, disproportionate representation of racial and ethnic groups in specific disability categories exist; specifically, the number of Black students identified for placement (25%) is not representative of the Black student population at PCS and remains disparate from the number of non-Black students identified. The disproportionality of Black and non-Black students is represented by risk ratios. The disproportionate representation is largely found within the Emotional Behavioral Disability (EBD) designation. The risk ratio for overall placement in ESE in the 2015-16 school year was 1.45, which means that Black students were nearly one and a half times as likely to be identified as an ESE student than non-Black students. The risk ratio for EBD eligibility in the 2015-16 school year was 4.20, which means that Black students were four times more likely to be referred for EBD services than non-Black students.

Aspirational Goal: Pinellas County Schools will reduce all ESE eligibilities for Black students each year until it meets a risk ratio that is at or near 1.0. The district will closely monitor its placements for EBD until the percentage meets or is less than the percentage enrollment of Black students (18% in 2015-16) and the risk ratio drops each year by one-quarter (.25) until the ratio is at or near 1.0.

Goal 5: Key Action Steps

Area of Focus	Action Steps	Progress Measure(s)	Outcome Measure	Mid-Year Update	Quarter 3 Update
ESE Eligibility Determination	5.1) Appropriately and efficiently identify and evaluate students who may be in need of special education and related services in support of their learning and academic achievement.	# of students identified and evaluated	# and % of students found eligible for ESE services	□Quarter 1 □Quarter 2 ⊠Quarter 3 ⊠End of Year	As of Quarter 3, 603 students (all race/ethnicity) were identified for evaluation with 552 found eligible.
ESE Eligibility Determination	5.2) Initiate a records review by the district ESE Department for transfer students who arrive as new students to PCS with an EBD eligibility. Students will receive current IEP services during the time they are being reevaluated.	 # of record reviews completed for Black transfer who students into Pinellas County # of Black transfer students identified for EBD reevaluation process # of reevaluations completed for EBD transfer students / Black 	# of Black transfer students into Pinellas County identified as EBD	 24 Record Reviews for Black Transfer Students 5 Transfer Students who were identified as Black and EBD 2 Black Transfer Students Identified for Reevaluation 0 Reevaluations Completed for EBD Transfer Students/Black 	□Quarter 1 ⊠Quarter 2 □Quarter 3 ⊠End of Year

Goal 6: Minority Hiring- Increase the number of Black teachers and administrators to closely mirror the student enrollment by ethnicity.

Goal Manager: Paula Texel, Associate Superintendent, Human Resources Services

Baseline Condition (as of 2015-16): Pinellas County Schools employs nearly 7,500 teachers, of which approximately 8% are Black. The percentage breakdown of administrators in the district is about 22% Black. For purposes of this goal, the gap is defined as the difference between the number of instructional staff who are Black compared to the population of Black students (which in 2015-16 was 18%). The percentage of Black instructional staff members in 2015-16 was 8.3%, a gap of 9.7 percentage points.

Aspirational Goal: Pinellas County Schools will increase its number of Black teachers by an average of one percentage point each year until it meets or exceeds the percentage enrollment of Black students (which was 18% in 2015-16) and maintain its current rate of administrative hires to ensure that it meets or exceeds the student enrollment by race.
