

Purpose:

Over the course of Spring Break, families are encouraged to work with their students in order to keep learning active and fun. The *Spring Break Content Challenge* and its [webpage](#) are intended to be resources for families and students of Pinellas County Schools wishing to maintain learning over the spring break. Special prizes will be awarded to outstanding participants.

How to Access the Activities:

In order to participate in the content challenges, have your child log in to *Clever* and then click on the *Spring Break Content Challenge* icon (a direct link to this webpage is also available at <https://tinyurl.com/y7l7pbqx>). Encourage your child to complete the academic activities they find most interesting. **Students should always be supervised when working on the internet.**

How to Win Prizes:

- *Islation*
 - Each student who meets the criteria for participation will have his or her name automatically entered in to the drawing.
- *ST Math, Science Power Words, and the FSA Practice Tests*
 - Each student must maintain an activity log, have their parent/guardian sign the log, and then return that log to their classroom teacher on the first day of school after Spring Break. Your child's school will then determine the winner for each grade level and submit those names to the PCS Department of Elementary Education. Winners will receive a special certificate for outstanding participation and also a cool prize.

Happy Spring Break and Happy Learning!
The PCS Elementary Education Team
