

Dear Curlew Creek Families,

We are excited to announce that this year we are using Ready Math Classroom for our math curriculum and there are some helpful features for students to access at home! This guide will help you access these features and support your student's learning in math.

Start by going to your student's Clever page and clicking on the i-Ready link:

From the home screen students can...

A screenshot of the i-Ready home screen with a green geometric pattern background. At the top right is a "Family Center" link with a person icon. The main content area is titled "Teacher Assigned" and contains three items: two "Practice" items for "Ready Classroom Mathematics Use Place Value to Round Numbers" and one "Check" item for "Use Place Value to Round Numbers A". At the bottom is a navigation bar with icons for "To Do", "My Progress", "My Stuff", "Bookshelf", "Tools", and "Learning Games".

See teacher assigned practice lessons

Parents can view resources to help students.

Access the student textbook and videos

Use virtual manipulatives

Practice skills with fun learning games

If you click on the bookshelf, you can...

A screenshot of the i-Ready bookshelf interface. It shows a colorful grid of math problems and a pencil. Below the grid is a navigation bar with icons for "Progress", "My Stuff", "Bookshelf", and "Tools".

Click on the textbook

Then you can...

The screenshot shows the 'Bookshelf' interface. On the left, a sidebar lists 'Unit 1' with sub-items: 'Unit Opener', 'Build Your Vocabulary', 'Lesson 1', 'Lesson 2', 'Lesson 3', 'Self Reflection', 'Math in Action', 'Unit Review', and 'Vocabulary'. The main content area displays a textbook page for 'UNIT 1 Three-Digit Numbers Place Value, Addition, and Subtraction'. A 'SELF CHECK' box is visible at the bottom of the page. In the top right corner, there is a 'Family Resources' button with a close icon. A callout box with an arrow pointing to the 'Family Resources' button contains the text: 'Click on family resources for parent letters and strategy videos'. Another callout box with an arrow pointing to the 'Unit Opener' item in the sidebar contains the text: 'Select any page from the student textbook'.

After clicking **Family Resources**, you can access videos that show how students are learning math concepts in class and access family letters with game ideas to practice math concepts!

The screenshot shows the 'Family Resources' page. At the top, it says 'Welcome to Family Resources!' and provides a link to the 'Ready Classroom Central Family Center'. Below this is a 'Table of Contents' section with two columns: 'Table of Contents' and 'Family Letters'. The 'Table of Contents' column lists units and lessons, with 'Watch Video' links next to Unit 1 and Unit 2. The 'Family Letters' column has three columns: 'English', 'Español', and 'Haitian Creole', each with PDF icons for the lessons. Arrows point from the 'Watch Video' links to the 'Family Letters' section. A callout box with an arrow pointing to the 'Family Letters' section contains the text: 'Click on family resources for parent letters and strategy videos'.

Table of Contents		Family Letters		
Unit 1: Three-Digit Numbers: Place Value, Addition, and Subtraction	Watch Video	English	Español	Haitian Creole
Lesson 1 - Use Place Value to Round Numbers				
Lesson 2 - Add Three-Digit Numbers				
Lesson 3 - Subtract Three-Digit Numbers				
Unit 2: Multiplication and Division: Concepts, Relationships, and Patterns	Watch Video	English	Español	Haitian Creole
Lesson 4 - Understand the Meaning of Multiplication				
Lesson 5 - Multiply with 0, 1, 2, 5, and 10				
Lesson 6 - Multiply with 3, 4, and 6
