Dear Curlew Creek Families,

We are excited to announce that this year we are using Ready Math Classroom for our math curriculum and there are some helpful features for students to access at home! This guide will help you access these features and support your student’s learning in math.

Start by going to your student’s Clever page and clicking on the i-Ready link:

From the home screen students can…

- See teacher assigned practice lessons
- Access the student textbook and videos
- Use virtual manipulatives
- Practice skills with fun learning games
- Parents can view resources to help students.

If you click on the bookshelf, you can…

- Click on the textbook
Then you can...

After clicking **Family Resources**, you can access videos that show how students are learning math concepts in class and access family letters with game ideas to practice math concepts!
