**School Advisory Council (SAC)**  
This section meets the requirements of Section 1114(b)(1), P.L. 107-110, NCLB, codified at 20 U.S.C. § 6314(b).  
This section meets the requirements of Section 1114(b)(1), P.L. 107-110, NCLB, codified at 20 U.S.C. § 6314(b).

#### Describe the membership of the SAC including position titles

Nicole Clifton, Principal  
Tameka Barber, SAC Chair, Parent  
Sandra Leanes, Community Member  
Deanna Hobson, Parent and Sandy Lane support staff member  
Jai Henson, Community Member, Life For Artz  
Edie Marzol, Community Member  
Christine Broduer, Parent
Describe the involvement of the SAC in the development of this school improvement plan
The SAC meets monthly. During these meetings the SAC committee reviews data and progress toward the SIP. In April, May, and June, during the SAC meetings, the committee reviewed current data, teacher input and discussed goals for the upcoming school year. The committee also discussed research based strategies and identified key strategies that the committee believes would help the students move forward.

Describe the activities of the SAC for the upcoming school year
The SAC will continue to meet monthly. The SAC will review the budget and completed SIP plans. The SAC will give the final vote and approve or revise the proposed budget. The SAC committee will give input on the revised SIP. Data will be shared and progress toward our goals will be discussed. Data reviews will include, FCAT, ongoing progress monitoring, and FAIR. Additionally, the SAC committee will be invited to walkthrough the school as a SAC to see the SIP action plans/steps in progress. The SAC committee really wants to focus on the parent involvement goal and increasing the amount of parent participation in the school. Especially, with helping parents gain access into Focus and on checking student information frequently.

Describe the projected use of school improvement funds and include the amount allocated to each project
Our School Improvement Funds of 2,470.25 will be allocated for curriculum planning and development for teachers. Teachers will use this time to write lessons following the common core standards. Also, substitutes will be paid for TDE’s in order for teachers to complete a lesson study cycle in classrooms. Needed materials for common core will also be purchased with these funds. Additionally, as a Title I school, all of our Title I funds are aligned to support our goals in the School Improvement plan. Title I houry teachers to instruct students in reading, math and science, a MTSS coach, a classroom teacher to lower TPR, an hour for a community liaison, budget for agendas, and additional reading materials are how the Title I funds are allocated.

Verify that your school is in compliance with Section 1001.452, F.S., regarding the establishment duties of the School Advisory Council by selecting one of the boxes below

**Teacher Recruitment and Retention Strategies**

This section meets the requirements of Section 1114(b)(1)(E), P.L. 107-110, NCLB, codified at 20 U.S.C. § 6314(b).

Describe your school's strategies to recruit and retain highly qualified, certified-in-field, effective teachers to the school; include the person responsible.

We will continue weekly morning professional developments for the 2013-2014 school year. Twice a month the professional development will be led by administration and LLC team focus will be on best practices and will be aligned to the teacher appraisal.

We will participate in the following book studies;
- The Highly Engaged Classroom
- How to teach students who don't look like you

Once a month, the weekly professional development will be led by Reading coach along with LLC team.

For these curriculum meetings primary teachers will meet on Tuesdays and intermediate teachers will meet on Wednesdays in order for the training to best meet their needs.

Best practice will be shared and expected to be implemented in the classroom.

* Follow up will occur with in class coaching/modeling/observation/feedback
* The following professional development, teachers will bring student work and share out what worked and what areas they need assistance with for that best practice.
* Protocols will be used to guide conversation

Once a month the professional development will be led by Math coach along with LLC team.

For these curriculum meetings primary teachers will meet on Tuesdays and intermediate teachers will meet on Wednesdays in order for the training to best meet their needs.

Best practice will be shared and expected to be implemented in the classroom.
* Follow up will occur with in class coaching/modeling/observation/ feedback
* The following professional development, teachers, will bring student work and share out what worked and what areas they need assistance with for that best practice.
  oProtocols will be used to guide conversation
Teachers will collaboratively plan with math and reading coach on a rotating basis. During specials on Thursdays, primary teachers will plan with the reading coach and the intermediate teachers will plan with the math coach. The following week they will meet with the different coach.
The coaching cycles will be planned and scheduled during preschool, with initial focus on new teachers and by following the teachers IPDP’s.
Teachers will meet on Tuesdays during their planning time for PLC’s
  * Every other week their focus will be on analyzing their core grade level data and student work
  * The other two weeks will be focused on their need facilitated by their team leader or a leadership team member.
The need will be determined by data, the needs assessment protocol completed by the team in one of their first PLC’s.
Capacity is built by providing ongoing feedback
  * Administrators will leave feedback regarding instructional practices on a regular basis.
Lesson Study will occur across all grade levels and all content areas
  * We will continue with our process of utilizing specials time for one teacher to model a lesson and then allow their class to attend PE at another time
The calendar for lesson study will be developed during school improvement planning and based on need from in-house professional development
Weekly SOS (Setting our Sights) message/memo will be emailed weekly to staff by Mrs. Clifton. This includes a spotlight on staff, a supporting our students section, a best practice section aligned to the teacher appraisal and our weekly calendar.
Mrs. Clifton and Mrs. Dedert will continue with the practice of weekly walkthroughs providing feedback on the instructional practice focus for the week.
First and Second year teachers will continue to meet monthly with administration (Just in time meetings)
Mrs. Clifton and Mrs. Dedert will continue to maintain an open door policy and will be available to meet with teacher leaders to problem solve how to effectively coach, model and lead a team.
Mrs. Clifton and Mrs. Dedert are available to problem solve with teachers.
The RTI coach will provide feedback on fidelity of stroll, CHAMPS implementation, Second Step implementation, and will input stroll data regularly.
In class coaching with math and reading coaches.
Frequent recognition of hard work/celebrations of successes with administrators will continue to occur.
Ongoing professional development/PLC's/ time for collaboration with administrators and district reading and math coaches.

### Teacher Mentoring Program/Plan
This section meets the requirements of Sections 1114(b)(1)(D) and 1115(c)(1)(F), P.L. 107-110, NCLB, codified at 20 U.S.C. § 6314(b).
This section meets the requirements of Sections 1114(b)(1)(D) and 1115(c)(1)(F), P.L. 107-110, NCLB, codified at 20 U.S.C. § 6314(b).

Describe your school's teacher mentoring program/plan including the rationale for pairings and the planned mentoring activities
Mentoring of 1st and 2nd year teachers and teachers new to a grade level will be paired with teachers who have demonstrated highly effective best practices. Pairings are based off of a match between the mentee's needs and the mentor's strengths.
Time will be provided for the mentor to meet and plan with the mentee. Scheduling considerations will be given and time for "fish bowl" activities will be provided for both the mentee and mentor. It is expected that they will meet weekly to mentor and they will participate in the monthly new
teacher meetings.
Our first year 3rd and 5th grade teachers (E.S. and K.D) will be paired with Sarah Karlesky. Sarah is a dynamic teacher, with a track record of student success who is the lead mentor and who has led new teacher trainings.

Both EBD teachers will be mentored by Marcy Bennett. Marcy is a veteran teacher with proven track record. She has taught EBD. Both EBD teachers are new to Sandy Lane.

L.N. and A.V. will be mentored by Charissa Chandler, a dynamic teacher with proven student success. Both LN and A.V. are new to second grade.

A.S. will be mentored by Meghan Greeson, with specific focus on journaling, formative assessments, and intermediate curriculum.

T.C. will be mentored by Amanda Berglund, Amanda is an excellent kindergarten teacher and T.C. is new to kindergarten.

C. L will be mentored by Shannon Riek. Shannon is an excellent teacher and successfully mentored kindergarten teachers last year. CL is new to kindergarten and she is a second year teacher.

Multi-Tiered System of Supports (MTSS) / Response to Instruction/Intervention (RtI)

This section meets the requirements of Sections 1114(b)(i)(B)(i)-(iv) and 1115(c)(1)(A)-(C), P.L. 107-110, NCLB, codified at 20 U.S.C. § 6314(b).

This section meets the requirements of Sections 1114(b)(i)(B)(i)-(iv) and 1115(c)(1)(A)-(C), P.L. 107-110, NCLB, codified at 20 U.S.C. § 6314(b).

Describe your school’s data-based problem-solving processes for the implementation and monitoring of your MTSS and SIP structures to address effectiveness of core instruction, resource allocation (funding and staffing), teacher support systems, and small group and individual student needs

The MTSS team, (formerly SBLT) will be responsible for managing and coordinating these efforts between all school teams as well as reviewing and revising the School Improvement Plan.

The team meets once a week to engage in the following activities: Review universal screening data and link to instructional decisions; review progress monitoring data at the grade level and classroom level to identify students who are meeting/exceeding benchmarks, at moderate risk or at high risk for not meeting benchmarks. Based on the above information, evaluate implementation, make decisions, and practice new processes and align resources (human resources and material resources.) Core instruction will be monitored by weekly assessments aligned to what was taught. Every Monday the teams will send in their weekly Core Data. This data will be compiled by an MTSS member and will be presented at Wednesday’s 7:05 meeting. The team will look for patterns and will monitor the percent of students meeting the expected levels of performance. Prior to MTSS, grade level teams will review their data in PLC’s and will revise plans based off of the data. They will assess any needs and the team leader will bring those needs/requests to the MTSS team.

We follow the problem solving process.

This involves: Define what it is that we want students/educators/systems to know and be able to do. Step 2: Identify possible reasons why the desired goal(s) is not being attained. Step 3: Develop and implement a well-supported plan involving evidence-based strategies to attain the goal(s) (based on data that verified the reasons identified in Step 2). Step 4: Evaluate the effectiveness of the plan in relation to stated goals.

Some important things to consider when using a data-based problem-solving model: 1. A problem-solving model provides the structure to identify, develop, implement and evaluate strategies to accelerate the performance of ALL students. 2. The use of scientifically based or evidence-based practices should occur whenever possible. 3. The effectiveness of the problem-solving process is based on both fidelity of the problem-solving process itself and fidelity in the implementation of the instruction/intervention plan. 4. The problem-solving process is applicable to all three tiers of instruction and intervention.
Following that process a school wide Tier 1 plan will be put into place, complete with an action plan identifying action steps, persons responsible with a time line and data collection and monitoring effectiveness of the plan in place.

A big aspect of the problem solving process is the opportunity to examine the interaction between the instruction, curriculum, learning environment and learner(s) in order to identify a discrepancy and subsequently identify an intervention to close the gap. Our focus is on the Instruction, curriculum, and environment first. The learner domain is the last to consider and should not be addressed until the instruction and curriculum are appropriate and the environment is positive. If discrepancies in these areas are not resolved first, interventions in the learner domain alone are not likely to succeed. What Our MTSS team also identifies, based off of data, areas where additional support, Tier 2 is needed. The MTSS roles out the Tier I which is expected to be implemented in all classes.

**What is the function and responsibility of each school-based leadership team member as related to the school’s MTSS and the SIP?**

Facilitator – generates agenda and leads team discussions (CLIFTON)
- Data Manager(s)/Data Coach(es) – assist team in accessing and interpreting (aggregating/disaggregating) the data
- Instructional Coach – Data collection for ongoing progress monitoring/brokers technology necessary to manage and display data/
- Recorder/Note Taker – documents meeting content and disseminates to team members in a timely manner as well as storing a hard copy in a binder for all teachers to access (Karlesky)
- Time Keeper – helps team begin on time and ensures adherence to agreed upon agenda (TBD)

The Principal provides a common vision for the use of data-based decision making, ensures that the school based team is implementing RTI, conducts assessment of RTI skills of school staff, ensures implementation of intervention support and documentation, ensures adequate professional development to support MTSS implementation, and communicates with parents regarding school based MTSS plans and activities.

Administration/Instructional Coaches (Reading/Math) Behavior Specialist– Develops, leads, and evaluates school core content standards/programs; identifies and analyzes existing literature on scientifically based curriculum/behavior assessment and intervention approaches. Identifies systematic patterns of student need while working with district personnel to identify appropriate, evidence-based intervention strategies; assists with whole school screening that provide early intervening services for children to be considered “at Risk”; assists in the delivery of professional development; and provides support for assessment and implementation monitoring.

School Psychologist Participates in collection, interpretation, and analysis of data; facilitates development of intervention plans; provides support for intervention fidelity and documentation; provides professional development and technical assistance for problem-solving activities including data collection, data analysis, intervention planning, and program evaluation; facilitates data-based decision making activities.

Social Worker– Provides quality services and expertise on issues ranging from program design to assessment and intervention with individual students. In addition to providing interventions, school social worker continue to link- child serving and community agencies to the schools and families to support the child’s academic, emotional, behavior, and social issues. Shares attendance data

ESE VE/EI – Participates in student data collection, integrates core instructional activities into Tier 3 instruction, and collaborates with general education teachers through such activities as co-teaching. In addition supports the monitoring of Tier I, Tier II intervention plans.

Guidance Counselor– Manages 504’s, schedules 504 meetings, updates team on guidance lessons and school/student needs Liaison with county, state, and federal agencies. Supports the monitoring of Tier 1 and Tier 2 intervention plans. Implementation of Tier 1 and Tier 2 for behavior
Describe the systems in place that the leadership team uses to monitor the fidelity of the school's MTSS and SIP
Frequent review of action plan that was written based off of problem solving process. The team asks: Are we meeting our set dates for reviews, implementation and review? Monthly reporting status to the entire faculty on implementation and the focus of the MTSS. Feedback and input regarding process is gained at that time.
The SIP committees meet monthly to review progress and implementaiton of SIP. The committee shares feedback, observation and recommendation of that review to the MTSS. During the MTSS meetings, the SIP targets (action steps) are reviewed.

### Describe the data source(s) and management system(s) used to access and analyze data to monitor the effectiveness of core, supplemental, and intensive supports in reading, mathematics, science, writing, and engagement (e.g., behavior, attendance)

We were able to make improvements and set new systems in place within the 2012-2013 school improvement plan. Many of MTSS Leadership Team members met multiple times to help develop the plan and its implementation. The members provided data on Tier 1, 2, and 3 students.

**Baseline data:** Progress monitoring and reporting network (PMRN), Florida Comprehensive Assessment Test (FCAT), Florida Assessments for Instruction in Reading DAR
Progress Monitoring: PMRN, DIBELS, FAIR, FOCUS, (FCAT Explorer)
Midyear: FAIR, DAR
Diagnostic Assessment: DAR
End of Year: FAIR, FCAT Weekly Walkthrough data (Student engagement/cognitive complexity) / CHAMPS walkthrough data/ Behavior call data/ Referral/Incident report data/
CORE Data was collected weekly based off of student learning for the week instruction was taught. The data was compiled by teacher and by grade level and displayed in Excell. The MTSS was able to monitor which classes and grade levels were meeting the weekly targets. From there the problem solving process was implemented to address identified areas of need. The core data monitored was for reading and math. Ongoing progress monitoring of the "shark reading frenzy" is planned and dates are set based off of the students' beginning reading scores. Dates for review by MTSS are built around the running record assessment for that additional hour in reading. The use of learning progression scales and rubrics will occur in all core subjects; both students and teachers will use the scales to measure progress of student learning. Monthly, work with scales will be reviewed by the MTSS team utilizing student work protocols.

For supplemental instruction, teachers will use formative assessments and learning progression scales to measure growth. This will be done throughout the instructional week; data will be reviewed through PLC's. Additionally, for reading, running records will be used to monitor growth. For math, the ST math program data will be utilized to identify needed areas for support and re-teaching.

For intervention, the diagnostician and RTI coach will work through problem solving process to select the appropriate monitoring tool. This is monitored by the weekly SAT (student achievement team) meetings and will be reviewed monthly at MTSS.

### Describe the plan to support understanding of MTSS and build capacity in data-based problem solving for staff and parents

Ongoing professional development with staff through monthly meetings and weekly staff updates. Additionally, support will be given to the PLC's to assist the teams with the problem solving process. Staff will be encouraged to take the online course about MTSS. Capacity is being built by having team leaders as members on the MTSS team and by providing them ongoing training in the problem solving process. Making sure they are familiar with understanding behind the process, how to use the tools, and that frameworks such as RIOT/ICEL are a part of their way of thinking and problem solving. The team leaders are trained in the problem solving process and are given access to resources to help support the implementation of the MTSS process in their grade levels and in their classroom.

Describe how the school-based LLT functions (e.g., meeting processes, roles, functions)
- Meeting monthly as a whole group. Meet in subgroups another time during the month.
- Gathering, analyzing and interpreting school data.
- Establishing goals based on data
- Developing strategies to achieve the goals
- Establishing measures of success
- Supporting teachers in implementing the literacy strategies
- Ensuring literacy remains a priority
- Monitoring and reviewing the implementation
- Celebrating student achievement and staff literacy learning

Literacy Leaders (Reading Coach/RTI Coach/ESE Resource)
- Support teachers in the implementation of state-wide literacy/instructional strategies
What will be the major initiatives of the LLT this year?
Alignment of interventions to core curriculum
Implementation and analysis of data (FAIR)
Implementation of the Shark Reading Frenzy program. (Additional hour in reading)
To ensure that the K-12 literacy model is being implemented and monitored
Battle of the Books implementation targeting
LLI implementation in First grade
K-5 stroll to success implementation

Preschool Transition
This section meets the requirements of Sections 1114(b)(1)(G) and 1115(c)(1)(D), P.L. 107-110, NCLB, codified at 20 U.S.C. § 6314(b).

Describe strategies for assisting preschool children in transition from early childhood programs to local elementary school programs, as applicable
An orientation is held in the spring to inform the parents of upcoming Kindergarten students. Resources include meeting the kindergarten teachers, discussing the kindergarten schedule, expectations, and transitions. Parents can visit the classrooms and register their students.
Kindergarten Teachers will hold an orientation for incoming students and their parents prior to the beginning of the school year. Readiness skills will be emphasized and good choices for academic and social characteristics will be presented. Materials will be available, as well as pamphlets covering a variety of helpful parenting subjects ranging from parenting skills, helping with homework, students with disabilities and what to expect at a parent teacher conference.

Expected Improvements
This section meets the requirements of Sections 1114(b)(1)(A),(H), and (I), and 1115(c)(1)(A), P.L. 107-110, NCLB, codified at 20 U.S.C. § 6314(b).

## Goals Summary

**Goal #1:**  
Student achievement will increase in all content areas as measured by the FCAT, when students are engaged in rigorous tasks and assignments aligned with grade level and content area Standards.

**Goal #2:**  
Increase the percentage of students making annual learning gains in math, as measured by FCAT, from 76% to 100%.

**Goal #3:**  
Increase the number of students scoring at a level 3 in or above in Science from 23% to 50% as measured by the Science FCAT.

**Goal #4:**  
We will increase the amount of class learning time by decreasing the percentage of out of school suspensions by 10%.

**Goal #5:**  
Increase the number of students scoring a level 4 or 5 on reading, math, and science by 30% in each subject as measured by the FCAT.

**Goal #6:**  
Reduce the student achievement gap by increasing the number of students performing on or above grade level in the following subgroups, Black subgroup from 22% to 48% and the Hispanic subgroup from 27% to 47% as measured by the Reading FCAT.

**Goal #7:**  
Decrease, by 10%, the amount of lost learning time due to student absences; decreasing from 35% to 25%.

**Goal #8:**  
Increase the number students making annual learning gains in reading from 52% to 100% as measured by the FCAT.

Barrier #2: Teacher talk outweighing student talk

Strategy #1 to Overcome the Barrier
Teachers will actively engage students in learning. Teachers will implement high effect size strategies effectively while maintaining a high level of rigor; Teachers will address multiple learning styles. Teachers will ensure that student talk outweighs teacher talk by utilizing talk moves; turn and talks; and having prepared higher order questions. Teachers will employ high level questioning and thinking strategies. Students will collaborate and engage in meaningful, productive classroom discussion centered on worthwhile content daily.

prevention programs; nutrition programs; housing programs; Head Start; adult education; CTE; and job training, as applicable to your school

Title I, Part A
Title I Part A funds provide supplemental services and resources to improve teaching and learning in the district’s highest poverty schools. Designated Title I funds are set aside for Parental Involvement, Public School Choice Options, Professional Development, Highly Qualified Teachers, and support for Homeless and Neglected/Delinquent students. Title I services are coordinated and integrated with other resources through the Office of Curriculum and Instruction, Student Assignment, and Research and Accountability.

Title I, Part C- Migrant
N/A in Pinellas

Title I, Part D
The district receives Title I, Part D funds which provide transition services from alternative education programs to zoned schools. Funds are targeted to support continuous education services to students in neglected and delinquent facilities through tutoring, instructional materials and resources, and technology.

Title II
The district receives funds for staff development to increase student achievement through professional development for teachers and administrators. Title II funds provide math and science coaches, as required by Differentiated Accountability, in some of the district’s lowest performing schools.

Title III
Title III funds provide educational materials, bilingual translators, summer programs, and other support services to improve the education of immigrant and English Language Learners.

Title X- Homeless
The district receives funds to provide resources (social workers, a resource teacher, tutoring, and literacy backpacks) for students for students identified as homeless under the McKinney-Vento Act to eliminate barriers for a free and appropriate education. A portion of Title I funds is also set aside to provide services to homeless students.

Supplemental Academic Instruction (SAI)
SAI funds are coordinated with Title I funds to provide extended learning opportunities for students during and after the regular school year.

Violence Prevention Programs

**Goal #6:** Reduce the student achievement gap by increasing the number of students performing on or above grade level in the following subgroups, Black subgroup from 22% to 48% and the Hispanic subgroup from 27% to 47% as measured by the Reading FCAT.

**Barrier #2:** Teacher talk outweighing student talk

**Strategy #1:** Teachers will actively engage students in learning. Teachers will implement high effect size strategies effectively while maintaining a high level of rigor; Teachers will address multiple learning styles. Teachers will ensure that student talk outweighs teacher talk by utilizing talk moves; turn and talks; and having prepared higher order questions. Teachers will employ high level questioning and thinking strategies. Students will collaborate and engage in meaningful, productive classroom discussion centered on worthwhile content daily.

**Action Step #1:** Create a professional development calendar based needs assessment, data, and district initiatives.
