

BARDMOOR ELEMENTARY SIP 2013-14 EXECUTIVE SUMMARY

Bardmoor Elementary School has 575 students grades Pre-k to 5th, two administrators, 48 teachers, 7 hourly teachers and 15 staff members. The mission of Bardmoor Elementary is to educate and prepare each student for further education, career and life.

To accomplish this mission, Bardmoor has 6 Goals:

- 1) Increase the percentage of students proficient in the area of reading from 53% to 60% as measured by the 2013-2014 FCAT 2.0 and to close the achievement gap between Black and non-black students to meet our 2014 AMO targets in reading.
- 2) Increase the level of proficiency at level 3.5 and above in writing to 70%.
- 3) Increase the percentage of students proficient in the area of math from 42% to 50% as measured by the 2013-2014 FCAT 2.0 and to close the achievement gap between Black and non-black students to meet our 2014 AMO targets in math.
- 4) Increase the level of proficiency at level 3 and above in science to 60%.
- 5) Reduce the number and percent of discipline incidents for each student subgroup by 10%.
- 6) Increase the number of Title I curriculum based parental involvement events from 40% to 50%.

The core instructional strategies included in our action plans are: providing in-class modeling and coaching on a bi-weekly basis with a district coach during instruction time; utilizing data to differentiate and scaffold instruction using a variety of assessment including formative assessment; using research-based strategies in core instruction (e.g., 5E, Gradual Release, Text Dependent Questioning, Collaboration, Speaking and Listening); and utilizing complex text and rigorous vocabulary.

The professional development efforts include the use of the literacy team to train and guide teachers in differentiating and scaffolding instruction and implementing of the Common Core Standards. We will participate in a book study on the use of formative assessment and what to do with the results.

The parent involvement efforts are a challenge for our school as many parents work during the school. As a strategy to increase volunteer hours, the school is hosting many family nights that include understanding the common core, math curriculum and literacy curriculum.
