**Students’ First Day of School** is **Thursday, August 10** and student hours are 8:45am-2:55pm. We look forward to welcoming all new and returning Eagles to the 2023-2024 school year! We are committed to making this school year a highly successful and rewarding school year for all Eagles. Our team has worked diligently all summer to ensure that your students return to a safe, clean, and beautiful campus this fall. A huge shout out and many thanks to our plant operations team for their hard work all
summer. They worked diligently, deep cleaning our facilities and completing repairs and upgrades.

**First Day Special Drop Off:**
Parents will be able to walk their child to the classroom on the first two days of school. However, we highly encourage parents to only walk their child to the building doors on the second day of school, or even allow them to walk themselves. Parents will not be permitted to walk his/her child after the 8:45 tardy bell. Beginning on Monday, August 14, parents will not be permitted to walk students to class. We will have plenty of staff during the first two weeks of school to help our Eagles find their classrooms.

**Boohoo-Yahoo Coffee Chat**
Parents, please join PTA for a “Boohoo–Yahoo” Coffee Chat in the media center starting immediately after drop until 9:30am.

Back to School Tips from Ms. Laura Trudell, School Counselor

Here are some suggestions to help children transition smoothly back to school. If you need additional support, please contact Laura Trudell, trudell@pcsb.org

1. Establish a Back-to-School Routine: Gradually ease your child back into a school routine a week or two before the school starts. Set consistent bedtimes and wake-up times to help them readjust to the school schedule.

2. Communicate Openly: Talk to your children about the upcoming school year. Discuss their feelings, expectations, and any concerns they might have. Addressing anxieties early can help alleviate stress.

3. Attend Orientation or Open House: This allows them to familiarize themselves with the school environment and meet their teachers and classmates.

4. Organize School Supplies: Go through the school supply list provided by the school and shop for necessary supplies together. Having everything ready can give your child a sense of preparedness.

5. Create a Dedicated Study Space: Set up a quiet and comfortable study area at home where your child can do homework and study. This helps promote focus and concentration.

6. Limit Screen Time: Gradually reduce screen time as the school year approaches. This will make it easier for your child to transition from summer activities to academic responsibilities.

7. Encourage Reading: Reading regularly improves literacy skills and can be a great way to unwind.

8. Plan Healthy Meals: Ensure your child gets balanced and nutritious meals during the school year. Plan lunches in advance to avoid last-minute rushes in the mornings.

10. Promote Positive Attitudes: Encourage a positive attitude toward learning and school. Highlight the excitement of new experiences and friendships that await them.

11. Emphasize Time Management: Teach your child time management skills to balance academics, extracurricular activities, and personal time effectively.

12. Be Supportive: Be patient and understanding as your child adjusts. Offer encouragement and support to build their confidence.

13. Foster Independence: Encourage your child to take on age-appropriate responsibilities, such as packing their backpack, organizing their materials, and completing homework independently.
14. Stay Calm and Positive: As a parent, your attitude can greatly influence your child's perspective on the new school year. Stay calm, positive, and optimistic about the upcoming experiences.

15. Prioritize Well-Being: The start of a new school year can be stressful for both parents and children. Prioritize your own well-being and find healthy ways to cope with any challenges that arise.

By implementing these tips, parents can help create a positive and supportive environment for their children as they embark on a new school year!
