Douglas Jamerson End-of-Year Celebratory Parade

Dear families,

We have organized times for scholars to drive through with their families in order to celebrate the conclusion of the 19-20 school year on Wednesday, May 27th. We ask that everyone remain in their cars and wear a mask at all times during the parade. Please write your child’s name and teacher’s name on a large paper on your dashboard. Please use the map and these directions to plan your visit. We will also post signs to remind everyone.

All cars will enter through the car circle on 37th St. We ask that you enter by heading north on 37th and turn right into Jamerson, to help with the flow of traffic.

Cars going to station A will proceed through the car circle as if they were picking up students in front of the office in the right lane of the car circle pick up line. These cars will exit the car circle by turning right on 37th St.

Cars going to stations B & C will turn into the staff/visitor parking lot. These cars will exit by turning into the left lane of the car circle pick up line and make a right on 37th St.

Cars going to stations D or E will enter the bus circle (going against normal traffic) by turning off from the car circle and head towards the cafeteria. Station E will turn right towards the track while station D will head straight towards the exit on 12th Ave. S. Both station D & E will exit through the 12th Ave. S and 35th St. bus entrance.
