All in favor.

Principal's report a/k/a State of the Royal Court Report:

- In January the school participated in a recalibration of the SIP to evaluate where we are and where we need to be. Administration and staff are working with intention to ensure all students are present and engaged. Specifically, signs are being posted throughout the campus to focus on being present and not distracted by cell phones. "Phones off – Brains on"
- Literacy grades have shown a decrease the last three years throughout the district and continue to be a focus.
- The new school evaluation system will exclude learning gains as a measurement because the test is new. If we were to be evaluated on the same system as last year with the same metrics then we would likely to have improved to a B. This would create a new baseline and it is important to note that the same success would be recognized by many of the schools in the district.
- Will continue to strive to improve and reach attainable goals.
- Newsletter contains a lot of student successes. Including Cambridge recognitions that included 38 scholars being recognized from Hollins; more than Clearwater (16) and Tarpon (13) combined.
- Shout out to Culinary who was shown in a news commercial during the Super Bowl. The academic team that continues to do well. The Robotics Team who have been excelling and will be headed to the State tournament in Kissimmee in March giving them the opportunity to advance to the "World" tournament.
- Sports momentum is good. Baseball and softball are likely to be contenders for districts this year and other sports are seeing a lot more interest in try outs. Testament to the improved culture and confidence students have in trying new things.
- Spirit video was well received but facing some copyright concerns with music.
