*Is your student  
on track?*

## Theory of Knowledge

Completed Junior Year

## Extended Essay

Final drafts and Viva Voce (last meeting with advisor) need to be been turned in/completed in Managebac by 10/13/23.

An interdisciplinary course that examines the nature of knowledge and the human capacity for thought and understanding

Critical is questioning how one knows what one claims to know; how does one properly justify that which is believed true

Students challenge their own held notions and underlying (unquestioned) assumptions

Address knowledge issues (AOKs)

# The IB Core - TOK

# The IB Core - TOK

TOK Exhibition – assesses the ability of the student to show how TOK manifests in the world around us.

TOK Essay – students explore TOK in one of the six given titles.

*TOK assessments are neither an essay nor a report on a topic. Students must deeply examine the “Knowledge Questions.”*

# The IB Core - CAS

Creativity-  
Activity-Service

Divided among  
the three areas

Planned  
(approved)

Activities carried  
out continuously  
over time

Documented;  
evidenced

Signed off by an  
objective adult  
supervisor

Required  
interviews and  
reflection

Final review by  
IB CAS  
Coordinator

## RESEARCH

## INVESTIGATION

## ACADEMIC INQUIRY

Reasoned examination of an intellectual nature in which established sources of academic merit are assessed and applied in the creation of authentic writing

Students have turned in their draft and should have arranged an appointment to receive feedback from their advisor

Once they've received feedback, revised and submitted final, they must meet with their advisor one last time for their Viva Voce
