

meet the TEACHER

welcome

...to Ms. Caffey's fifth grade class!

I am beyond excited to grow and learn together this 2022-2023 school year! Our classroom will be filled with hard work, focus, and learning, infused with music, fun, and laughter! Our core values will be kindness, respect, unity, and teamwork. These are just a few tools that will get us across the fifth grade finish line...together!

about me

This is my first FULL year at Perkins Elementary, as well as teaching 5th grade and I could not be more thrilled to have YOU as one of my students! I am an outgoing person and do my best to always carry positive energy. I love working with children and have a passion to create/influence laughter and joy for young people like you! What I am most excited about this year is simply getting to know you. As a teacher, I have learned quickly that each student is their own special, creative, and unique self; we are all different! Exploring, encouraging, and accepting those differences will be key in our personal and community success this year! With that being said, enjoy your summer, read some books, get ready for your final elementary adventure, and I will see you on August 10th!
