

# East Lake Middle School Academy of Engineering Classroom Partnership Program

The classroom partnership program offers donors the opportunity to enhance each East Lake Middle School student's learning experience. With each tax-deductible donation of \$100.00, we're able to supplement classroom materials, fund special projects and continue to promote an atmosphere of mutual pride and respect between our staff, students, families, and community members. Partnerships may be directed to any classroom, department, or program and may also be given as an undesignated donation that would allow us to "share the wealth" among our entire school.

**Please consider supporting our school by becoming a classroom partner!!**
