

## East Lake Middle School Summer Reading Assignment 2024-2025

In the ELA department at ELMS, we want to ensure students' success with reading when they return to school in August. Therefore, we have assigned a book for incoming students to read. The book should be read by Monday, August 26<sup>th</sup>. Students will be completing an in-class project on the reading book, which their teachers will discuss with classes when we return to school.

Incoming 6<sup>th</sup> graders coming from a Pinellas County elementary school received the book at their moving up ceremony: *Explorer Academy The Nebula Secret*. This can be read for their summer reading homework, or students can choose a book from the Sunshine State Winners; please see the image below of the book choices and use the following link for more Sunshine State information.
