Workshop – May 18, 2016

School Board Administration Building

11:00 a.m. – 12:30 p.m.

The Independent Citizens Referendum Oversight Committee (ICROC) conducted a meeting on Wednesday, Wednesday, May 18, 2016 at the School Board Administration Building, 301 4th Street SW, Largo, FL 33770.

Members of ICROC Present: Linda Kearschner, Pinellas County Council PTA; Robert Safransky, COQEBS; Martha Folwell, League of Women Voters, Mike Meidel, Pinellas County Economic Development; Melissa Honeycutt, Pinellas Realtor Organization

District Representatives Present: Kevin Smith, Associate Superintendent, Finance and Business Services; Karen Coffey, Executive Director, Budget and Resource Allocation; Pamela Moore, Associate Superintendent, Teaching and Learning Services; Sue Castleman, PK-12 Visual Arts Specialist; Danielle Campbell, High School Reading Specialist; Beth Anderson, Middle School Reading Specialist; Holly Slaughter, Elementary Reading and Language Arts Specialist; Jeanne Reynolds, PK-12 Performing Arts, Pat Lusher, Director, Library, Technology, and Instructional Materials.

The meeting was called to order by Robert Safransky at 11:10 a.m. Minutes of the March 2, 2016 meeting were approved.

Overview of Referendum Revenues/Expenditures: Kevin Smith presented an overview of the referendum's revenues and expenditures. He made reference to several handouts. A hard copy of the detailed reports was presented to each of the ICROC members and accompanies this set of minutes.

Sue Castleman, PK-12 Visual Arts Specialist: Spending for all Visual Arts categories was on track for the 4th quarter. She shared that there is data that shows the increase in achievement in the artwork that students are producing. Through an adjudication process that involves teachers scoring artwork that is submitted for all district exhibitions, teachers are able to see how their students work is being measured on a common district rubric. All art teachers have been trained to use common rubrics to assess and score student artwork. Exemplars of each score are available for teachers to learn from and receive feedback. This process is a credit to the referendum through the technology used to store digital images of artwork and training that teachers attend to learn to implement the process. The Visual Arts teachers have been using the process for over 2 years and there is a significant increase in the quality of student artwork and the awards that Pinellas students are receiving at state and national awards programs. A hard copy of the detailed reports was presented to each of the ICROC members and accompanies this set of minutes.

Jeanne Reynolds, PK-12 Performing Arts Specialist: Projects are progressing as planned. Most all elementary, band, choral, and theatre referendum requests had been processed. Funds were earmarked for summer training. One of the training sessions discussed was summer elementary music Smart Board training. This is just one example of the interaction among the various referendum projects. The smart boards were purchased with technology dollars and the training is funded with performing arts dollars. Band uniforms for Boca Ciega High School and Osceola High School were reported as in progress. Mrs. Reynolds shared that performing arts technology funds would be expended in the 4th quarter to refresh technology labs at Seminole, East Lake and Tarpon High School. Music technology programs continued to grow in the district. A hard copy of the detailed reports was presented to each of the ICROC members and accompanies this set of minutes.

Pat Lusher, Director of Digital Learning: During the 4th Quarter, the Smart Board project is continuing with installations at the elementary schools. The high school projectors have been installed and the team is finishing up with the middle school projectors. Funds for the three project coordinators are being expended and they have been training teachers and working at their assigned schools. The remaining balances will be used for the elementary school installations during the 4th quarter. All schools are projected to be completed by June 30, 2016. A hard copy of the detailed reports was presented to each of the ICROC members and accompanies this set of minutes.

Holly Slaughter, Elementary Reading and Language Arts Specialist: Money was distributed to schools for books and materials based on input from the school-based literacy team for school-based reading enhancement. The district is also supplying complex texts in all grade 3 classrooms to support science literacy along with supporting health education by providing health related text books for the classroom. Various professional development and resources continue to be provided to teachers and ongoing enrollment in the Reading Endorsement coursework required for literacy coaches is being maintained. A hard copy of the detailed reports was presented to each of the ICROC members and accompanies this set of minutes.

Danielle Campbell and Beth Anderson – Secondary Reading and Language Arts Specialists: In March, funds were used to pay registration fees for the school-based administration of the ACT for those twelfth grade students still in need of meeting the reading requirement for graduation. Additionally, resources and professional development were provided to literacy coaches and teachers regarding personalized learning. The district continues to work with national consultants and purchase professional literature to support personalized learning for students. Our second annual Literacy Coach Institute was funded by referendum and well attended. At the Institute, aspiring coaches received professional books to help build capacity in Pinellas for future literacy coaches. Celebrate Literacy Week included the Million Minute Marathon where Referendum provided winning schools \$1,500 for refreshing classroom libraries. The Student Literacy Conference was a gathering of 100 middle and high school students who received books as door prizes which were also funded by Referendum. Florida Standards Assessment (FSA) practice test resources were provided to middle and high school students, and science journals were purchased for Summer Bridge. English language arts (ELA) teachers of grade 11 received ACT instructional resources to provide students with timed practice, targeted instruction, and support. Various professional development and resources continue to be provided to teachers and ongoing enrollment in the Reading Endorsement coursework required for literacy coaches is being maintained. Since the first Referendum, 587 teachers have added the Reading Endorsement to their teaching certificates. With regard to School-based Enhancement funds, increased allocations have allowed schools, teachers, and students with voice and choice as it relates to meeting the literacy needs of each individual school. A hard copy of the detailed reports was presented to each of the ICROC members and accompanies this set of minutes.

There being no other business, the meeting was adjourned at 12:30 p.m.

An audio recording will be placed on file in the office of the Associate Superintendent, Teaching and Learning Services.

Prepared by: Kimberly Christy, Secretary to the Associate Superintendent, Teaching and Learning Services.

a. The 2008 tax roll decreased by 1.98% but the referendum supplement of \$3,529 was held constant. \$951,076 of referendum carry forward dollars from 2007/08 was utilized to cover the majority of the loss in revenue during 2008/09. A negative balance of \$27,243 was carried forward into 2009/10.

b. The 2009 tax roll decreased by 10.76%. The elimination of instructional units due to declining enrollment and the shifting of units into ARRA/Stimulus funding reduced the number of units paid from referendum dollars; however, this did not offset the significant loss in revenue and as a result the referendum supplement salary decreased by \$290.

c. The 2010 tax roll decreased by 9.11%. The addition of instructional units to comply with the class size requirement "by classroom" was offset by the shifting of units to the Education Jobs Fund (non-recurring Federal revenue allocation). This offset could not compensate for the loss in revenue due to the decline in the tax roll and the referendum salary supplement decreased by \$168.

d. The 2011 tax roll decreased by 4.33%. The 981 instructional units that were shifted into ARRA/Stimulus and Education Jobs Funding have come back into the Operating Fund; however, as a result of budget reductions, 174 positions were eliminated. The decrease in the retirement rate from 10.77% to 6.41% does not offset the impact of the tax roll reduction or the addition of the 807 positions. As a result, the salary supplement has decreased by \$88.

e. The 2012 tax roll decreased by 2.3%

f. The 2013 tax roll increased by 3.18%

g. The 2014 tax roll increased by 6.44%

h. The 2015 tax roll increased by 6.8%

i. The 2016 tax roll increased by 6.9%

Description	Budget	Timeline
Personnel 4 Project Coordinators	\$232,000.00	7/1/16-6/30/17
SMART Interactive Whiteboard Project - Install 400 SMART interactive projectors/boards or portable iRovers in the remaining elementary classrooms across the district. This will complete all elementary schools with an Interactive Smart Board in every classroom. Professional development will be required for staff prior to installation.	\$1,000,000.00	7/1/16-5/30/17
Curriculum Software for classroom instruction for all PCS students to enhance their learning.	\$76,061.00	10/1/16- 05/1/17
Smart Board Bulb Replacement -Replacement process for Smart Boards purchased by referendum funds	\$25,000.00	7/1/16-6/30/17
Smart Board Projector Replacement - Replacement process for Smart Boards purchased by referendum funds	\$25,000.00	7/1/16-6/30/17
Summer Technology Integration Project training for teachers on Smart Boards and mobile devices	\$75,000.00	2/1/16-6/30/17
TOTAL	\$1,433,061.00	

Rationale:

Project Coordinators-Personnel

- Four project coordinators will serve all schools in the support and training of teachers. They will model and coach lessons in the classroom as well as develop online training courses. In addition to managing the training, they will project manage the ordering of equipment. In the past 7 years, we have trained 2,500 teachers and installed boards in their classrooms through the referendum.

SMART Interactive Whiteboard Project

- SMART Boards or Interactive Projectors will be installed in the remaining classrooms that have not been retrofitted with Smart Boards at the elementary school level. These teachers will complete the required online training and receive modeling and coaching in the classroom from the three project coordinators.

Curriculum Software for Classroom Instruction

- Visual Thesaurus, and new emergent curriculum applications for blended instruction in the classroom. These are subscriptions or purchases to interactive websites for students to enhance the core curriculum in the classroom at all grade levels and use on the Smart Board.

Smart Board Bulb and Projector Replacement Program

- The first round of Smart Boards were installed seven years ago and coming out of warranty. Funds will be allocated and equipment in stock to replace the bulb or projector. This is necessary to minimize the down time a Smart Board is inoperable.

Summer Technology Integration Camp (STIC)

- Professional Development for 200 classroom teachers who have received a Smart Board in their classroom. As a result of this training, teachers will update and refine their technology integration of mobile devices and the Smart Board in their classroom.

Schools Library/Media Discretionary Budget Allocations	\$305,132.24	7/1/16 – 6/30/17
Total	\$400,000.00	

Rationale:

Tricaster Replacement Program

- This program will update our school multi-media production labs. The TriCaster is a high definition, network-quality portable box for multi camera video production.

Summer Bridge Library Media Kindle Project

- This project offers elementary school media liaisons a class set of 10 kindles.
- Teachers will receive a 5 pack of Kindles for taking training on how to use an eReaders in the classroom

Schools Library Media Yearly Budget Allocations

- Each school will receive \$3.15 per student. The amount set aside for each school will be based on the per student allocation multiplied by the total student enrollment. These funds will enhance the school media programs by providing students with more access to library books, eBooks, Kindles and digital resource subscriptions above and beyond the designated state allocation.

Secondary English Language Arts & Reading Budget – 2016-2017

Reading Intervention Curriculum Enhancement

\$185,000

Funds are used to complement the adopted reading curriculum and include educational magazines, classroom libraries, implementing curriculum aligned to Language Arts Florida Standards (LAFS); and to provide ongoing professional development. These resources are also used to support instruction during Summer Bridge. Changes from 2015-2016: Instructional materials will purchase a new adoption for middle and high school, therefore, referendum will no longer need to purchase Achieve 3000, Reading Plus or iReady.

Language Arts & Content Literacy Curriculum Enhancement

\$287,251

English/language arts and other content teachers will be provided with resources and professional development around text complexity, Language Arts Florida Standards, and the instructional methods necessary for student success with standards. This includes resources such as AVID Weekly, professional development resources for district wide training days, the Student Literacy Conference, Celebrate Literacy Week and FSA practice.

Next Generation Content Area Reading

Professional Development (NGCAR-PD) and Reading Endorsement

\$95,000

NGCAR-PD was designed for secondary content area teachers who will provide reading remediation to students scoring at Level 1 or Level 2 on FSA Reading and without decoding or text reading proficiency issues. The funds are used for facilitators, materials, supplements for teachers, and instructional resources for NGCAR-PD teachers.

School-based Literacy Enhancement

\$284,967

51 secondary schools – including ESE Centers and Dropout Prevention (DOP) Sites receive funds to support both reading intervention classes and reading in core content classes, i.e., reading software, classroom libraries, professional books for book studies, student books for winter, spring and summer reading, technology, replacement materials, and any resource to support the instructional shifts required of the LAFS.

Personnel to Support Secondary Content Area Literacy

\$380,843

Embedded professional development (PD) will be provided through one full-time Social Studies Staff Developer, one full-time middle school and one full-time high school ELA Staff Developer; *Contracted Services* for staff developers, literacy coaches, and teachers to facilitate ongoing professional development sessions; substitutes provided for teachers to attend professional development via Temporary Duty Elsewhere (TDE); *Contracted Services* for K-12 Reading Plan Facilitators at schools without assigned literacy coach

Support for Media Centers—secondary schools

\$200,000

Middle and high school media centers will purchase print library bound books, digital books, Kindle eBook readers and accompanying eBooks to encourage student literacy through a variety of book formats.

Total: \$1,433,061.00
