The meeting was officially called to order at 11:39 a.m. The minutes report from the Quarter 1 meeting on April 12, 2023, was not available for approval.

Budget:

Kevin Smith presented an overview of the quarter one revenue and expenditures. He stated the 2022-2023 teacher salary supplement, provided by referendum, would be \$5,734 per year. A hard copy of the detailed reports was presented to each of the ICROC members and accompanies this set of minutes.

Referendum Plan Updates:

Jonathan Ogle, PreK-12 Visual Arts Specialist, reported that spending is on track. Nine student art camps were held in July for 248 elementary and secondary students. Visual Arts field trips have increased with over half of the allocated funds spent by the end of quarter two. Rollover funds from last year were added to the 22-23 field trip and student art camp activity lines. Seventeen of the 148 Digital Arts Labs have been refreshed. Elementary and middle school students use art-making apps and styluses in iPad labs. High schools have a MacBook or iMac lab, graphics or drawing tablets, digital cameras, and a large format printer. 2-D art teachers use labs to teach digital arts or creative photography classes and many 3-D art teachers have iPads for students to use for 3-D modeling, research, visual referencing, and AP Art portfolio work. Eighty-nine students were recognized at the first K-8 State of the Digital Arts Exhibition at the Leepa-Rattner Museum of Art in Tarpon Springs. The work in this show highlighted the digital art, photography, short films, and animations being produced in our art programs using Referendum funded technology equipment, tools, and software. The HS State of the Digital Arts Exhibition was held at SPC Seminole Campus with forty-six works of digital art, photography, comics, and graphic novel art. PCS students won two of the top three awards at the Gasparilla Arts Festival HS Showcase out of seven participating districts in the Tampa Bay region. Congresswoman Kathy Castor visited Lakewood HS to personally congratulate the winning

student of the 14th Congressional District HS Art Competition. The winning digital artwork has been displayed at the Tampa Museum of Art and will travel to Washington DC to be displayed in the U.S. Capitol building for one year. PCS students earned 15 national medals in the 2023 Scholastic Art & Writing Awards. National-winning works included digital artwork, photographs, and an animated movie.

Ajori Spencer, PreK-12 Performing Arts Specialist, reported that both elementary and secondary teachers have submitted requests related to training and equipment funding. In elementary, additional instruments for band and string classrooms were purchased so students do not have to share. In secondary, the Consultants Program continues to grow. The program provides 15 pre-screened arts professionals that teachers may request to provide specific supports, in the classroom. The current expended and encumbered marching band uniform funds are for Pinellas Park, Lakewood, and Hollins HS. In addition, Boca Ciega HS, Clearwater HS, Palm Harbor HS, and Seminole HS will begin the band uniform ordering process. Band, chorus, and theatre support expenses are on track with normal spending levels; salary balances will continue to spend down throughout the year. MusicTip equipment purchases will begin in the next quarter. One of the strongest community partnerships is with the Florida Orchestra. This year referendum was again able to provide for 5th grade students to attend the annual Youth Concerts. In partnership with the orchestra, Performing Arts employs two teaching artists to visit schools and work with students. This bolsters the string programs as PCS continues to grow them. Referendum supports countywide programs, including the “Ignite” brand, which grows every year (a brief video about the new Ignite Youth Choir was shown). The Ignite Invitational, Music for All Festival, brought world-class music instructors to Pinellas to adjudicate and work directly with students. This allowed students to have dedicated time with these instructors, which has received positive teacher feedback. Referendum will also support the upcoming, popular Ignite Arts Camp that has 220 students registered.

Sarah Truelson, Program Coordinator, Digital Learning, reported that the largest purchases from the technology referendum budget are for the digital platforms to support teaching and learning and the ongoing expenses for the five Instructional Technology Coordinators. The coordinators are assigned specific groups of schools and through quarter two have already supported 118 of the 126 assigned schools. In July, teacher professional development was offered through the first PCS Digital Learning Summer Conference with over 125 teachers attending (a short highlight video was shown). The referendum funded interactive technology purchases continue for new classrooms and refreshing of older equipment. Library referendum funds are provided to schools, based on student enrollment, to support purchasing books, eBooks, technology, and materials to enhance their library and Maker Space. Library referendum funds also support TV Broadcast (School News Show) programs with repairs and maintenance for needed equipment.

Holly Slaughter, Elementary Reading and Language Arts Specialist, reported that spending occurred in July to bring teachers and coaches together, in focus groups, to survey and discuss wants and needs related to supplemental materials to enhance the student experience. Spending will occur throughout the year in the school-based Reading Enhancement funds. These funds are provided to each school for purchases that are approved through their site-based Literacy Leadership Team. Other expenses through quarter two included funds for printing the Module Roll-Out Texts as well as providing books for the Boy’s Battle-of-the-Books competition. Funds were also provided to continue our partnership with the University of Florida Lastinger Center. This partnership supports professional development for teachers, coaches, and school leaders related to early literacy as we continue to move children to proficiency and

beyond. Teacher professional development in Ladders to Literacy, a unique Summer Bridge project, is supported with this project.

Beth Anderson, 6-8 Reading Specialist and Britt Moseley, 9-12 ELA/Reading Specialist, reported that referendum supported school planned Literacy Night in middle and high schools. The Literacy Nights support the connection between school and home with Literacy Leadership Teams conducting data chats with students and families. Referendum funds provided staff developers and materials that made the data chats informative and actionable for student growth. Referendum funds were also provided to schools for reading enhancement. The funds are provided for the site-based Literacy Leadership Teams to make purchases based on their individual school needs. The secondary reading referendum funds also support staff developers to assist with the roll out of intervention plans to support student proficiency on the state assessment taken at the end of the year.

Amy Hayes, Director Charter and Home School Education, reviewed the charter schools spending and noted that they are following the PCS recommendation of splitting the funds 80% for salary and 20% for content area support. Charter schools must also adhere to their Charter Application so spending in content areas varies by school need. A slide show was presented highlighting the specific referendum supported activities or purchases at a few schools. The PCS budget department is working with charter schools on how and what to report for the referendum spending.

There being no added business, the meeting was adjourned at 12:53 p.m.

An audio recording will be placed on file in the Office of the Associate Superintendent, Teaching and Learning Services. Prepared by: Heather Rochkind, Secretary to the Associate Superintendent, Teaching and Learning Services.
