

# 2017-2018 Student Enrichment Program Details

**Session 4: March 5 – May 11**

**9 weeks**

## MONDAY

### Tampa Bay Highland Dance

Celebrate Dunedin's Scottish heritage with Highland dance class! During class students will learn dance etiquette, technique and about Celtic music and culture. Lessons are taught by a British Association of Teachers of Dancing certified instructor. Miss Elizabeth has performed internationally for the Walt Disney Company in Orlando, Tokyo and Hong Kong. This class is great for those who have never danced before and those with experience in other forms of dance!

# **TUESDAY**

## **AIR DRY CLAY**

Class offers students an opportunity to have a lot of fun and enrich their imagination and art skills at the same time. Students will be instructed to play, be creative and let their imaginations run wild!

Course taught by a Curtis parent.

**Grade Level:** KG – 5<sup>th</sup>

**Time:** 2:15 – 3:15 pm

**Cost/Classes:** Session 4: \$120 (\$45 material fee included / 9 classes

**# of Students:** 10 min / 20 max

**Registration:** <http://www.signupgenius.com/go/10C0B49A4AF2EA3FE3-airdry4>

**Payment** Checks payable to **Tzutai Cheng**  
Students should bring their check with them  
to the first day of class.

# WEDNESDAY

## SOCCER

Each session involves creative soccer activities with a ball. Players learn to perform some of soccer's most difficult moves, skills and goal scoring techniques with opposition. The players are gradually exposed to manageable pressure to enhance deceptive dribbling and ball striking skills. In this crucial stage the players develop the will to embrace intelligent risk. They also learn the self-belief to be a playmaker and a ball wizard.

## LEGOS - BRICKS 4 KIDZ

Designed and created by teachers, architects and engineering professionals, our hands-on curriculum introduces children in grades K-3 to concepts of engineering, architecture and mechanics using LEGO® bricks. We provide all materials for students to work in a lab-type setting using the bricks with an integrated curriculum based on math, science, and language arts. Model building provides kids with opportunities for problem solving and helps them develop an appreciation for how things work – learning while having fun!

- Introduce engineering and architecture principles
- Explore math and science concepts
- Engage in STEM activities
- Build self-confidence and problem-solving skills
- Enhance self-esteem through solving problems and completing projects
- Activate children's lively imaginations

**Dates:** Session 4 : 2/28 – 4/11                      6 weeks  
                  Session 5 : 4/18 – 5/16                      5 weeks  
**Grade Level:** KG – 3<sup>rd</sup>  
**Time:** 2:15 – 3:30 pm  
**Cost/Classes:** \$75 / 6 classes  
                          \$62.50 / 5 classes  
**# of Students:** 20 max  
**Registration:** [www.bricks4kidz.com/367](http://www.bricks4kidz.com/367)  
                          Credit card online

# THURSDAY

## LACROSSE

The Yellow Jackets after school lacrosse program provides students with the opportunity to learn about the game of lacrosse and all the basic fundamental skills associated with it: scooping, cradling, catching, throwing, shooting, game strategies, offense and defense skill sets. This is all achieved in a safe and enjoyable environment, utilizing soft - stick lacrosse principles (no contact lacrosse) that do not require the use of protective equipment. Sticks and balls are provided. A willingness to learn and have fun are all that is required.

**Grade Level:** 1<sup>st</sup> – 5<sup>th</sup>  
**Time:** 2:10 – 3:30 pm  
**Cost:** Session 4: \$85 / 8 classes (no class March 22)  
**# of Students:** 30  
**What to wear:** Students should wear athletic shoes.  
**Registration:** <http://www.yellowjacketlacrosse.com/index.php/curtis-fundamental>  
**Payment** Print out registration online and mail in.

## ADVANCED AIR DRY CLAY

This course is offered to students who have previously taken the Air Dry Clay class. For students who want to learn more advanced clay modeling skills and who want to experience a variety of new projects, this is the right class for you!

Course taught by a Curtis parent.

**Grade Level:** KG – 5<sup>th</sup> (returning students and all 4<sup>th</sup>-5<sup>th</sup> grade)  
**Time:** 2:15 – 3:15 pm  
**Cost/Classes:** Session 4: \$120 (\$45 material fee included / 9 classes)  
**# of Students:** 10 min / 20 max  
**Registration:** <http://www.signupgenius.com/go/10C0B49A4AF2EA3FE3-advanced3>

**Payment** Checks payable to **Tzutai Cheng**  
Students should bring their check with them to the first day of class.

## MAD SCIENCE – LIGHT, SIGHT AND SOUND

In this “enlightened” program students will not believe their eyes as they examine different optical illusions and watch as light and color interact to trick their sense of sight. Children will also put their taste buds to the test and learn we get the “pop” in soda pop and have a “hair raising” experience working with static electricity. They will explore the science of nutrition and getting healthy in a mission for nutrition, and experience the amazing power of magnetism. The basics of sound will be uncovered with a cool Mad Science twist that includes the use of a sound machine to distort sound and our voices and experience the incredible power of heat and how it can transform matter.
