

2018-2019 Student Enrichment Program Details

Most Enrichment classes will have four sessions that follow PCSB's grading periods, with the exception of Mad Science, Air Dry Clay and Soccer.

Session 1: 9/4/18 - 10/12/18	6 weeks
Session 2: 10/16/18 - 12/21/18	9 weeks
Session 3: 1/8/19 - 3/7/19	9 weeks
Session 4: 3/18/19 - 5/17/19	9 weeks

MONDAY

Discover Dance

Kindergarten and 1st Graders will love Discovering Dance through our after school enrichment program. Dancers will learn the foundations of ballet and creative movement with a qualified dance instructor.

View a video from the studio here: <https://magis.to/av/OT4rAl5PH0J6JHEGDmEwCXp9?l=vsm&o=i&c=c>

Grade Level:	KG – 1st
Time:	2:15 – 2:45 pm
Cost/Classes:	Session 1: \$ 70 5 classes Session 2: \$112 8 classes Session 3: \$ 84 6 classes Session 4: \$126 9 classes

of Students: 10 min / 16 max

What to wear: Girls Attire – Black leotard, black athletic shorts, and ballet slippers (black preferred).
Boys Attire – White t-shirt and black athletic shorts
An order form will be available when registering.

TUESDAY

Tampa Bay Highland Dance

Celebrate Dunedin's Scottish heritage with Highland dance class! During class students will learn dance etiquette, technique and about Celtic music and culture. Lessons are taught by a British Association of Teachers of Dancing certified instructor. Miss Elizabeth has performed internationally for the Walt Disney Company in Orlando, Tokyo and Hong Kong. This class is great for those who have never danced before and those with experience in other forms of dance!

MAD SCIENCE – Crazy Chemworks

In Crazy Chemworks junior chemists will get to see what it's like to work in a real "lab". Delve into the world of atoms, unravel the "H" in pH and make SLIME and experiment with polymers. Students will make bubbling potions while changing states of matter and uncover the chemistry of "glowing". They will also be in a "sticky" situation as they unlock the mystery to what makes things "cling", and see that "actions" really do result in reactions. Chemistry will never be so much fun!

Students will be getting 6 of the 8 sessions listed below...

Lab Works - Try your hand as a real Mad Scientist in this whirlwind program on how a lab works! Learn to manipulate laboratory equipment at your personal lab bench, and face an eye-citing power pipetting challenge! Take home your very own Scientific Cylinder™ to continue your

Junior Reactors - Create a tiny world of atoms with your very own set of Atomic (to recognize chemical reactions and mix up a few reactive ingredients for some sense

pH Phactor - Slide down the colorful pH scale and dip into the world of acids and extremes of pH with your Reaction Tube™ in what is sure to be a stopper-popping! Discover whether liquids found in your home are acids or bases using your personal pH Paper™!

Slime Time - Ooze into a gooey hour of sliming around! Create slime using the Mad Science Slime™ and then enter your creation in the Slime Olympics! Take home your own concoction of Mad Science Slime™!

The Glow Show - Amazing discoveries will come to light in this class on things that glow bright in the dark! Probe the properties of light and explore some unusual applications of glow-in-the-dark technology—including the printing of money! Use your Blacklight Writer™ to make secret messages that only you can see!

Dry Ice Capades - Manipulate matter in all of its three states! Melt metal in boiling water and freeze water with just a breath of dry ice! Use your Thermocolor Cup™ to test the temperature of liquid matter in your home!

Super Sticky Stuff - Stick to the walls, and push the power of tape to the limits in this adhesive hour on things that cling! Build a bond with glue and get attached to your Icky Creature Beaker!

Chem in a Flash - Hop on the chemistry express for a high-speed science experience! Perform instantaneous experiments in this fast-paced class on reactions that go like mad! Pick up an Action Flask and perform some snappy chemistry experiments at home! <http://youtu.be/w5qPlyW3b0c>

KG KG – 1st

Time: 2:15 – 3:15 pm

Cost/Classes: Session 1: 10/30 – 12/11 \$84 6 weeks

of Students: 13 min / 18 max per class

Registration: Sign up will open closer to the start of class.

WEDNESDAY

SOCCER

Each session involves creative soccer activities with a ball. Players learn to perform some of soccer's most difficult moves, skills and goal scoring techniques with opposition. The players are gradually exposed to manageable pressure to enhance deceptive dribbling and ball striking skills. In this crucial stage the players develop the will to embrace intelligent risk. They also learn the self-belief to be a playmaker and a ball wizard.

LEGOS - BRICKS 4 KIDZ

Designed and created by teachers, architects and engineering professionals, our hands-on curriculum introduces children in grades K-3 to concepts of engineering, architecture and mechanics using LEGO® bricks. We provide all materials for students to work in a lab-type setting using the bricks with an integrated curriculum based on math, science, and language arts. Model building provides kids with opportunities for problem solving and helps them develop an appreciation for how things work – learning while having fun!

- Introduce engineering and architecture principles
- Explore math and science concepts
- Engage in STEM activities
- Build self-confidence and problem-solving skills
- Enhance self-esteem through solving problems and completing projects
- Activate children's lively imaginations

Grade Level: KG – 3rd

Time: 2:15 – 3:30 pm

Cost/Classes: \$75 / 6 classes
\$112.50 / 9 classes – Will split into 2 equal payments

of Students: 20 max

Registration: www.bricks4kidz.com/367

THURSDAY

LACROSSE

The Yellow Jackets after school lacrosse program provides students with the opportunity to learn about the game of lacrosse and all the basic fundamental skills associated with it: scooping, cradling, catching, throwing, shooting, game strategies, offense and defense skill sets. This is all achieved in a safe and enjoyable environment, utilizing soft - stick lacrosse principles (no contact lacrosse) that do not require the use of protective equipment. Sticks and balls are provided. A willingness to learn and have fun are all that is required.

Grade Level: 1st – 5th

Time: 2:10 – 3:30 pm

Cost: Session 1: \$65 / 6 classes

Session 2: \$95 / 9 classes

Session 3: \$95 / 9 classes

Session 4: \$85 / 8 classes **(no class March 21)**

of Students: 30

What to wear: Students should wear athletic shoes.

Registration: <http://www.yellowjacketlacrosse.com/resources/2018Curtis.pdf>

Payment Print out registration online and mail in.

AIR DRY CLAY

This class is offered to students of all different levels. There will be a different theme for each session. Each class, students will make a variety of crafts relating to the theme. For students who want to learn more air-dry clay modeling skills and explore different types of craft materials (popsicle sticks, origami papers, etc.), this is the right class for you.

Course taught by a Curtis parent.

Grade Level: KG – 5th

Time: 2:15 – 3:15 pm

Theme: Session 2: Holidays

Session 3: Animals

Session 4: Spring / Flowers / Plants

Cost/Classes: \$130 (\$45 material fee included) - 9 classes

of Students: 10 min / 20 max

Registration: Sign up will open closer to the start of class.

Payment Checks payable to **Tzutai Cheng**

Students should bring their check with them to the first day of class.
