## **WEDNESDAY**

### **LEGOS - BRICKS 4 KIDZ – January 15<sup>th</sup> – February 19<sup>th</sup>, 2020**

Designed and created by teachers, architects and engineering professionals, our hands-on curriculum introduces children in grades K-3 to concepts of engineering, architecture and mechanics using LEGO® bricks. We provide all materials for students to work in a lab-type setting using the bricks with an integrated curriculum based on math, science, and language arts. Model building provides kids with opportunities for problem solving and helps them develop an appreciation for how things work – learning while having fun!

- Introduce engineering and architecture principles
- Explore math and science concepts
- Engage in STEM activities
- Build self-confidence and problem-solving skills
- Enhance self-esteem through solving problems and completing projects
- Activate children's lively imaginations
