

2023/2024 Curtis School Enrichment Programs

*This year a couple after school programs are extending their program offerings to 2 different time sessions. Please select one that best fits your schedule. In the event that your child is only signed up for the later session (2nd session) and is not attending a session directly after school release (1st session), you are responsible to pick them up at release time and bring your child back at the 2nd session after school enrichment program. You are welcome to sign your child up for more than one enrichment class if lottery and space allows. Please contact Shannon Pridon
