DIGITAL DESIGN PATHWAY

Digital Design is a project-based course designed to develop entry-level skills required for careers in the digital publishing industry. The content includes computer skills; digital publishing concepts and operations; layout, design and measurement activities; decision making activities, and digital imaging. Students who take this course will work with Adobe products to learn typography, layout, and composition of pieces like logos, magazines, t-shirts, etc.

Completing this course will fill the pre-requisite for most design or digital pathways in college and universities. There are opportunities for industry certifications that will be very helpful when searching for a career in a designing pathway. These certifications are normally very costly but when taking this course, these certifications are offered for free. The certifications offered include, Adobe Photoshop, Adobe Illustrator, and Adobe InDesign.

DIGITAL DESIGN 1

In Digital Design 1 students will learn the basics of graphic design including the elements and principles of design, color theory and copyright policies. Students will learn and have the opportuinity to certify in Adobe Photoshop CC. Students will also learn the basics of Adobe InDesign CC or Adobe Illustrator CC.

DIGITAL DESIGN 2

In Digital Design 2 students will expand on the knowledge learned in the previous course and will learn about branding, logo design and animation. Students will finish learning Adobe InDesign CC and Adobe Illustrator CC and have the opportunity to certify in these programs.

DIGITAL DESIGN 3

In Digital Design 3 students will perfect their skills in Adobe Photoshop, InDesign, and Illustrator and will learn how to encorportate them into a design project. Students will learn how to work with clients to create a project and how to work as a team with other students in a design project

DIGITAL DESIGN 4

In Digtial Design 4 students will have to opportuniy to participate in inernships and will create and work on a senior capstone project that they create with the facilitator. This senior project will consist of an e-portfolio where the studnet can display all of their work.

For a complete description of each course, see the OFHS Curriculum Guide, which is found on the school website.

PERSONALIZED LEARNING

CREATING A LASTING SHIFT IN LEARNING

Pinellas County Schools has launched Pinellas Innovates: Pathways to Personalized Learning, a long-range plan to personalize learning throughout the district.

Personalized Learning is tailored to what when, where and how students learn best. It enables students to take ownership of their learning and helps them to develop deep connections with each other, their teachers and other adults.

Pinellas Innovates will transform what the district is doing in schools on a daily basis. Instruction will move beyond a one-size-fits-all approach. Learning will be paced to each student's individual needs.

Pinellas Innovates
Pathways to Personalized Learning

VISION

Pinellas County Schools envisions a student-centered culture for learning that connects instruction, curriculum, and outcomes to the unique talents, skills, passions and attributes of each child while recognizing individual needs.

STUDENT VOICE & CHOICE!

CLUMBS

Future Business Leaders of America (FBLA) is the largest student business organization in the country with over 250,000 members. FBLA is the premiere student organization that aligns with all Warrior Academy courses. In Florida, FBLA functions as an integral part of the instructional program of the business education program in secondary schools.

NLC National Winners   Fall Motivational Rally

Students involved in FBLA participate in a variety of competitions, community service projects, fundraisers , and networking events throughout the year.

NTHS helps members with their achievements in the workforce, offers scholarships for higher education, and teaches excellence in career and technical education. NTHS strives to bring well deserved recognition, scholarship opportunities, and career opportunities to students who excel in various career and technical educational fields as their profession.

STN was started by a group of teachers who wanted to support and encourage scholastic broadcasting and to provide a forum for teachers to share ideas, ask questions, and learn from professionals in the industry. Over the past 15 years, STN has expanded to include film, media and other forms of communication taught in high schools and middle schools. STN serves teachers and students with curriculum, communication and competitions year-round.
