

Good evening, Warrior Families,

This is Julie Finley, Assistant Principal, with important testing information.

All 9th and 10th grade students will be participating in the FAST PM 2 Testing, the second round of testing that is a state requirement, on Thursday, December 12th. It is imperative that your student brings with them their **FULLY CHARGED school issued laptop** with them to testing on Thursday. Testing will begin promptly at 7:25am, all students, including any who have early morning release periods, must be on time to testing.

After testing, students will begin their academic day by following a modified bell schedule, which will be included in the accompanying email. All grade levels are expected to report to 1st period, according to the schedule listed. [Bell Schedule 2024-2025 Testing.docx](#)

FAST PM Testing is an adaptative test, it is essential that students do their very best on this assessment, work through each question carefully, and take the time they need to show their understanding. As an adaptative test, it will begin questions at the level students last performed and will change in intensity as students work through the assessment platform. Encourage your students to persevere through and truly show what they know, this will help them to meet the necessary requirement for graduation. Remind them to use the tools teachers have taught them to master this!!!

Thank you for your continued support. If you have any additional questions, please reach out to your alpha clerk. Remember to have your students bring their **fully charged school issued laptop** with them to testing on December 12th and to have a good night's rest and breakfast, and to arrive on time as testing will begin promptly at 7:25am.

Enjoy the remainder of your evening, stay safe, and We are Osceola Home of Academic Success, and Warrior P.R.I.D.E.
