## Principal's Note...

Dear Bay Point Families,

As we end this school year it is amazing to see how much the children have grown academically, socially, and physically. The world they are going to live in is changing so very fast and we want to equip them with skills necessary to solve problems, think analytically, get along with anyone, and apply knowledge. Finding the right balance is often difficult and it takes all of us working together to accomplish this over the years. I am honored to have been a part of the process. Each child is a treasure to value, nurture, and encourage. Celebrations of achievement and success are happening everywhere!

Dr. Janssen's new redesign of schools into clusters will better enable all of us to foster a learning environment where family needs are met in many avenues and a more fluid academic arena to meet each child's needs and learning.

I look forward to greater development of these steps where community, families, school staff, and businesses work closer to ensure success of each student. That requires us all to look at the things that need changing. Our way of work needs to change to keep pace with the changes of the world. I would like to tap into your thoughts, concerns, and ideas, so I will be holding mini "open coffees" next year to provide a vehicle for discussions.

Please take a few moments to review the many activities that BPE students were able to accomplish, and be proud to be a part of making it happen. Thank you for all that you have done. I wish you a safe, wonderful summer break.

Sincerely,

Mrs. Lively
