Below the header, the main content area has a yellow background and contains the following text: 'Welcome to the Pinellas County Schools Student Reservation website. This site will assist you in enrolling into a Pinellas County public school or changing your enrollment.' A list of services is provided: 'After you log in using your PCS Parent User Account, you can perform the following activities include: » Enrolling into next school year » Applying for a PreK3/VPK Program » Changing your residence address » Applying for a District Application Program » Applying for Special Assignment Request » Registering for Summer Bridge » Viewing and electronically sign PCS forms related to your student'. A note states: 'Some activities will only be available at certain times of the year. Note: If your child is leaving a District Application Program contact your program coordinator.' Key dates are listed: 'January 6 – 15, 2021 - District Applications Programs (DAP) Initial Application Period' and 'January 12 – 14, 2021 - Ready, Set... Kindergarten'. On the right side, there is a login form with 'Username' (p.aguirrezra) and 'Password' (masked) fields, a 'Login' button, and links for 'How to reset or obtain your login info', 'Forgot or need to change or reset your password?', and 'Don't have a username?'. A disclaimer at the bottom right states: 'Please note that Parent User Accounts that have not been used for 12 months will be purged. You can have a new ID and password issued by visiting the school or the Student Assignment Office with a valid photo ID.' Red arrows point to the 'En Español' link, the login fields, and the list of services.

Welcome to Summer Bridge Registration

If your student is in grades kindergarten through 4th grade this year, please click here for important information about the Elementary Program Information

Summer is quickly approaching. Pinellas County Schools is excited to share information about our Summer Bridge program.

Face-to-face Summer Bridge programs will be offered this summer with transportation to your child's current or feeder school!

Summer Bridge provides engaging activities to provide students with continuous learning and preparation for maximum success when the next school year begins.

Summer Bridge counteracts what some education researchers refer to as "summer slide". Many children lose an average of two months of skill over the summer. The 4-week program includes acceleration and enhancement of skill in reading, mathematics and science. Summer Bridge is especially important for students who are performing below grade level in reading or math or who need additional help to stay on track.

Students will receive individualized instruction in the three core subjects using a blended cross-curricular model integrating the arts, technology, small group instruction, hands-on labs and project-based learning.

Dates: June 21 - July 15 2021
Hours: 8:30 a.m. - 1:30 p.m.
Days: Monday - Thursday

TZ School Hours: 8:30 a.m. to 2:30 pm.

Food Service: Breakfast and lunch available.

Transportation is provided to the current school or its summer feeder school!

Current fifth-graders will be assigned to Summer Bridge schools based on their assigned middle schools.

If your student is in grades 5th through 7th this year, please click here for important information about the Middle School Program

If your student is in grades 9th through 12th this year, please click here for important information about the High School Program

Summer Bridge helps students succeed:

- [Elementary school](#) students have continued to show impressive gains, with many students moving from "below proficiency" in reading, math or science to "at or near proficiency." Most students who came to Summer Bridge already scoring "at or near proficiency" still showed promising learning gains.
- [Middle school](#) students have continued to demonstrate promising growth in reading, math and science performance, with impressive gains in reading ability.
- [High school](#) students have continued to benefit from Summer Bridge. The programs help students prepare for the state's Algebra 1 EOC test, learn skills they need to succeed in high school and earn credits they need to graduate.
