Summer is quickly approaching. Pinellas County Schools is excited to share information about our Summer Bridge program.

Face-to-face Summer Bridge programs will be offered this summer with transportation to your child's current or feeder school!

Summer Bridge provides engaging activities to provide students with continuous learning and preparation for maximum success when the next school year begins.

Summer Bridge counteracts what some education researchers refer to as "summer slide". Many children lose an average of two months of skill over the summer. The 4-week program includes acceleration and enhancement of skill in reading, mathematics and science. Summer Bridge is especially important for students who are performing below grade level in reading or math or who need additional help to stay on track.

Students will receive individualized instruction in the three core subjects using a blended cross-curricular model integrating the arts, technology, small group instruction, hands-on labs and project-based learning.

Dates: June 21 - July 15 2021  
Hours: 8:30 a.m. - 1:30 p.m.  
Days: Monday - Thursday

TZ School Hours: 8:30 a.m. to 2:30 pm.

Food Service: Breakfast and lunch available.

*Transportation is provided to the current school or its summer feeder school!*

Current fifth-graders will be assigned to Summer Bridge schools based on their assigned middle schools.
