

Welcome to the 2025-2026 School Year at New Heights!

We are thrilled about what's in store this year for the New Heights Family. We are coming off another historic school year, having achieved higher than ever before in the school's history. We are PROUD to announce that for the first time in our school's history OUR scholars have EARNED an "A" school grade!!! This school grade represents ALL that New Heights is about. Together, we faced two devastating storms and still soared! We could not be prouder of our scholars as they continue to prove just how brilliant and capable they are.

New Heights is a truly special and diverse learning community. We operate by the 'I am because WE A.R.E.' mentality, a guiding phrase that reminds us that our daily actions impact everyone around us and that we are part of something bigger than ourselves.

Your New Heights instructional team is excited to work with our scholars, helping them become the best versions of themselves. The 2025-2026 school year will be another year where we make history through hard work and a relentless attitude.

See below for important information that will make sure we ALL have another great school year:
