Student's First Name: _____

Please read these important notes. Your child will be placed in the appropriate content area classes based on assessment scores, past coursework and grades. Your child may require intensive classes based on assessment scores, which will limit their elective course options. This form is to indicate which elective classes your child is requesting for next year. Placement into elective courses cannot always be guaranteed because space is limited. Course selections could change. We will do our very best to honor elective choices. Please rank your top four elective choices as follows: 1 (your first choice), 2 (your second choice), 3 (your third choice), 4 (your fourth choice). All students will have seven classes which includes five academic classes. The majority of students will have one elective plus their 18 weeks of required PE linked with Health.

(AVID requires application and interview)

- **AVID**: is a nationally recognized year long elective offered to students who would like to learn the skills necessary for preparing them for admission into four-year colleges and universities. The class consists of tutorials with college students, small group projects, guest speakers, college/university campus tours, and FUN FRIDAYS!!!! Students accepted into AVID will be required to take at least one advanced/honor course while receiving academic support. Students must meet certain eligibility requirements for acceptance into AVID. An AVID team member will notify interested students/parents if they meet eligibility requirements. More information about the AVID Program may be found at www.avid.org
- **One semester of PE** is required by state legislation unless a waiver is completed and returned. PE has been pre-selected for you.
- Florida History is our Marine Biology class

I have read this information completely and agree with the choices marked above (parent signature and phone number)
