

SAC Meeting Minutes – 9/8/21

Note taker: Jackie Bruckler

Attendees: Bob Towner, Audrey Chaffin, Tameka Harris, Jackie Bruckler, Tracy Nero, and Ashley Young.

Welcome & Approve Minutes:

Bob welcomed us to the meeting. Minutes were approved by Bob, seconded by Tracy.

Behavior/Attendance Updates: There were no office referrals, only a couple of incident reports. 8 Paws-itive Referrals, mostly from 4th grade. There is a high number of absences for the number of days we have been in school.

School Improvement Plan:

The budget rolled over with \$2,634.87. Higher math scores at our school are credited to the number routines being used at the start of the math block and integrating the 6 M's (movement, meaning, mouth, music, monitoring with feedback, models) into lessons.

Can Do Descriptors: Teachers will be trained on how to use Can Do Descriptors to ensure lessons are aligned to student's proficiency level. If ELL students tested at Level 1 proficiency in 5th grade, then according to the Can-Do Descriptors, students may only need to draw a picture instead of write a 5 paragraph essay.

ESSA Math Subgroup Goal: Students with disabilities (SWD) Math FSA Achievement Level will increase from 38% to 42%. Black students Math FSA Achievement Level will increase from 33% to 42%.

Science Goal: The percent of all grades 3-5 students achieving science proficiency will increase from 68% to 75% as measured by the 2022 Science Cycle 2 Assessment.

District Survey:

Parents: Most would recommend the school and district to other parents, teacher support is strong, timely feedback was rated low.

Teachers: 53 out of 80 teachers took the survey and the teachers are overall happy.

Students: 80% of the 243 students responding that they like school.

Open:

Masks are voluntary, but strongly encouraged and the reporting process for COVID cases has changed. When students are quarantined, they can ask for hard copy for make-up work, go on Dream Box and I-station, or go onto Canvas and look under teacher assignments. If students make an attempt to complete work, they will be marked present for absences.
