

We Learn. We Build. We Play.

after school

So much fun it won't feel like learning!

SAN JOSE ELEMENTARY

MONDAYS ; 2:45 - 4:00pm
FEBRUARY 26 - APRIL 16, 2018

Bricks 4 Kidz® offers STEM-principled educational play activities for children in grades K-5, where they learn, build and play with LEGO® Bricks. Bricks 4 Kidz programs are built around proprietary model plans designed by engineers and architects with exciting themes such as space, construction and amusement parks that provide building blocks for educational play.

This is NOT your ordinary LEGO® club!

The classes are led by trained Bricks 4 Kidz teachers in a workshop setting where the models come to life by the movement of gears, axels, motors and pulleys. Our classes provide a safe, relaxed learning environment, where initiative is invited and self-expression is celebrated.

Model building provides kids with opportunities for problem solving and helps them develop an appreciation for how things work – learning while having fun!

RATES & REGISTRATION

\$66.00 per session

(6 classes)
