

# Meadowlawn Middle School's Personalized Learning Program

Our Mission: The Academy for Innovation at Meadowlawn (AIM) seeks to offer all students the chance to develop an understanding of who they are as a learner and what tools will best aid their learning so they can use this knowledge to become successful, self-motivated, self-directed, life-long learners

Our Vision: Meadowlawn: A Place Where **All** Students Can Achieve

Personalized learning has arrived at Meadowlawn. The ACADEMY for INNOVATIONS at MEADOWLAWN (AIM) is bringing exciting changes to our school. Meadowlawn has accepted the opportunity to be among the first schools in Pinellas County to implement a personalized learning program.

This program is designed to meet the needs of ALL students. When students enter a personalized learning (PL) classroom, they will have the opportunity to learn who they are as a learner, and develop a tool box of ways to learn that meet their individual needs. While the rigor will be higher, students will be more invested in their learning because they will have choice in both how they learn things, and how they then demonstrate that learning. They will learn how to set goals, as well as hold themselves accountable to then meet those goals. All this will be done in the context of successfully mastering the state's rigorous standards in each content area.

We invite all our community to be a part of the process. We know that things never work perfectly the first time we try them. Therefore, we want to give you the chance to help us take our program to new heights so we can ensure the long term success of this new way of work. Your feedback will be greatly appreciated, and we would like you to learn and grow with us. We will be hosting regular workshops with our community members where we will show you the ins and outs of the program and ask you to help us make it even better!

If you are interested in being a part of this process, please fill out the form below and we will contact you with the date and time of each workshop.

For more information, or to find out other ways you can be a part of the program, please contact Mrs. Diana Dolan at [doland@pcsb.org](mailto:doland@pcsb.org) or call the school and ask to speak with me directly.

We look forward to working with you to bring success to all our students!
