

Dear Parents,

I am thrilled to be joining the Starkey Elementary community and I am looking forward to a great school year! As a professional school counselor, I believe every child can succeed. Its never too late to help a child. All students are of value. I believe while a child's emotional state is in disarray their cognitive functioning can be greatly impacted. My mission is to develop and provide a developmentally appropriate comprehensive counseling program that will enrich the academic, emotional, social development and college and career readiness of each student. The services provided include: individual counseling, parent/teacher consultations, core classroom guidance lessons, and small group counseling. The services are driven by the unique needs of the students and school community. Through a partnership with students, educators, parents, and the community, all students are being prepared academically and socially as they become increasingly college and career ready.

Please feel free to contact me by e-mail, phone or in person if you have any questions or concerns.

Tiffany Edwards-Dunston, M.A.

Professional School Counselor

Starkey Elementary School
