

Summer Off-line Learning Choices Week of June 29

Pick one to two activities a day to do with your child. Remember to have fun!

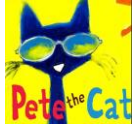

EVERY DAY Reading together is one of the most important activities you can do with your child. Use books you have at home or visit websites like Storyline Online or Unite for Literacy to read online. Or you can visit our Readers Notebook that includes poems and rhymes your child may already know. All of these are available on the next three slides. PCS students can also log into myON's digital library through Clever. Happy Reading!

Alphabet Book

Read the pages you have added so far. Now add the names of some of your favorite storybook and TV characters.

You can use photos or draw pictures.

Musical Parade

March around the house playing homemade musical instruments using pots and pans, spoons, homemade shakers, etc. Use your imagination and have fun!

Long Jump

Make a safe spot to long jump. Each person jumps as far as they can. Use a marker to mark where each person lands. Use your feet to measure how many feet each person jumped. Who jumped the farthest? What happens when you use different feet to measure?

Sock Sort Race

Gather as many different pairs of socks as you can find and separate the pairs. Roll each sock into a ball and put them in a pile. After a 3,2,1 countdown, whoever unrolls and finds the most matching socks wins!

Water Play

Fill a bucket or large container with water. Gather two cups that are the same size and 2 sponges. Two people soak their sponges in the water and wring them out filling the cups. Make it a race... who fills their cup first? How many times of wringing does it take to fill each cup?

Letter Hunt

Look around your house and outside. Find 10 different letters. Ask your child to identify the attributes of each letter (e.g., sticks, circles or humps)

Free Art

Gather whatever materials you have around the house (e.g., paper, crayons, magazines, material scraps, recyclables, glue, scissors, etc.). Create artwork to display around the house

Silverware Count

Together gather several forks and several spoons from your kitchen. Ask the child to count how many spoons they have, and count how many forks they have. Then count how many they have all together.

Story Time

Draw a picture and write a story about your favorite sport. Describe how the sport is played, where you play it and why it's your favorite sport. Share your story with the people in your house.

Have a Puppet Show

Make homemade puppets using old socks, lunch bags, paper or whatever else you have at home. Be creative and decorate them anyway you want. Put on a puppet show!
