

**Pinellas Virtual School
SAC Meeting Minutes
September 11, 2019
Bayside High School**

Call to Order: 10:00 am

In Attendance: Angie Davis, Evona Frink Jones, Marica Hall, Cassidy Perry, Haley Perry, Mandy Perry, Jason Starrett, Michelle Starrett

Not in Attendance: Aurora Denz

Quorum Established: Yes

Introduction & Welcome: MP

Old Business: None

New Business:

- District SAC videos will be sent via email for all members to review at their leisure.
- JS was nominated as chairperson. Unanimously passed.
- MS was nominated as secretary. Unanimously passed.
- PVS has an 80% completion rate goal; this goal was met for the 2018-19 school year.
- PVS has lower 6th/8th grade math scores compared to the district; but we are working to improve with strategies such as required weekly live sessions for intensive math.
- PVS has an 80% graduation rate goal; this goal was not met for the 2018-19 school year, but we are on-track to exceed this goal within 2 years.
- SIP approved.
- Meeting dates tentatively set for: 11/20, 3/25

Open Agenda:

- MP introduced new tiered intervention system implementing Monday leadership meetings with lead teachers and social worker.
- EFJ suggested connecting with Seminole Virtual for additional intervention ideas.

- JS offered suggestions for graduation: on-stage seating clarification, blocking/unblocking graduate rows, dismissing graduates row by row, including both PVS staff and the tech team in rehearsal.
- MP shared that graduation will take place at Largo High School this year.
- MP shared that all 6th-12th grade students are required to complete a 5-hour mental health course annually; some of our courses meet this requirement (M/J Health, M/J Peer Counseling, HOPE, Leadership, Peer Counseling), but we'll need to identify which students are not covered and provide a course for them.
- MS and MH will begin gathering resources for a Canvas course (3 levels) to meet the mental health requirement.

Next Meeting: November 20, 2019

Adjournment: 11:02 am

Submitted by: Michelle Starrett
