

Program Information

The Adopt A Class Program creates a partnership between the local business community, families and our school.

For a tax-deductible donation, your business or family has the opportunity to “Adopt-A-Class” or a special area (ex: clubs, guidance, etc.). Your donation will be used to purchase one or more items from your classroom’s wish list such as software, hardware, books, classroom supplies, student incentives, and rewards.

The Adopt-A-Class program is set up to begin in August and run through March. Adoptions are assigned as they are received. Our goal is to have all areas adopted as all students should be afforded the benefits of this program.

The students benefiting from this program are your customers, clients, and employees of the future. Let us join to ensure that the future leaders of our community are given the best we have to offer.

We look forward to working with you!

Objectives

To create an environment where students and staff at Clearwater Fundamental Middle School feel that the local business community is dedicated to their education and future.

To create an atmosphere among the students at Clearwater Fundamental of pride and respect for our local business community.

To gain financial support for our classrooms and special areas/programs at our school.

Thank you for your donation.
