

Summer Learning Challenge

Mrs. Cantu and Mr. Magoulis have a challenge for all their Sutherland Seahawks. If you meet the challenge, you and a parent will receive an invitation to enjoy a special movie at AMC Woodlands in Oldsmar.

There will also be drawings for different prizes. All challenge logs are due on Monday, August 14th. The movie date will be announced upon our return to school. We will be conducting the drawings on Wednesday, August 16th.

All students are challenged to spend a **minimum** of 1500 minutes on myON. myON is a computer based reading program that allows students to make book selections based on many areas of interest, take quizzes and earn avatars every time they reach a goal. Prizes will be awarded through a random drawing for many different things such as number of books read, number of avatars earned, number of quizzes passed, number of minutes spent on myON. Mrs. Cantu will be checking myON throughout the summer to see how well our kids are meeting the challenge.

Please complete the attached log with the requested information. The log can be found on our website, www.pcsb.org/sutherland-es if you need additional pages. You will also find login information to access myOn and our other digital reading resources on our website.

LEARNING
IS
FUN
