

Dunedin Highland Middle School Supply List 2020-2021

DHMS has adjusted its school supply list for the 2020-2021 school year in light of requirements for reopening schools during the ongoing COVID-19 Pandemic. The sharing of school supplies (e.g. pencils, supplies, etc.) will be minimized or not allowed. It is vital that all students have basic school supplies to participate in daily learning in the face-to-face environment. The supplies marked with **O** are required for face-to-face instruction. The supplies marked with **●** are *highly recommended*. Students enrolled in MyPCSONline will be participating in Virtual Instruction for at least the 1st nine weeks. They will need some of these supplies in the 1st nine weeks and all of them when they return to face-to-face instruction.
