MESSAGE FROM OUR PRINCIPAL.....

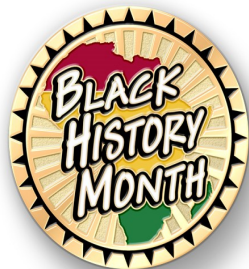

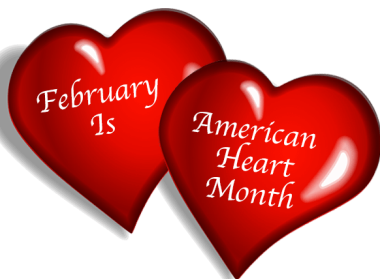

Dear Campbell Park Families,

The 100th Day of School was January 30th! It is hard to believe that we are this far into the school year! We still have a lot of work to do, so please keep routines going at your house to ensure that scholars complete homework and get to school on time and prepared each day! We need our scholars in school every day.

Parents, WE NEED YOUR HELP! Please make sure that when your child is absent, you are reporting to the school the reason for your child's absence within 24 hours. You may write a note in your child's agenda, send in a doctor's note, call the front office. This is also another check and balance that your child is safe. We greatly appreciate your help with this. Just a friendly reminder that all students can arrive by 7:35 AM if he/she would like to have breakfast. Scholars should be in their classrooms ready to learn by 8:05 AM. Just a reminder that all students receive free breakfast.

Thank you for your support.

Principal Kathleen Young—Parker

CAMPBELL PARK RESOURCES CENTER

Economic empowerment is offered daily at the Campbell Park Resource Center: resume writing, computer lab, notary services, access Florida assistance, financial budget coaching, and much more. For more information please

give us a call at (727) 821-0284.

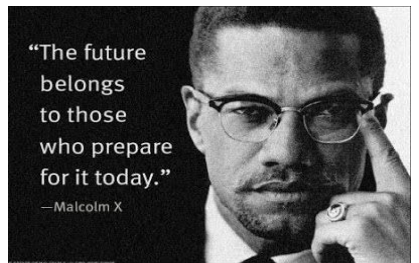

5000 ROLE MODELS & GIRLFRIENDS

We will be having our Induction Ceremony for both our 5000 Role Models and Girlfriends Students on Tuesday, February 27, 2018 at 6:00pm. Our theme for

the ceremony will be "Success always leaves Footprints". We will also have a tribute to some of the famous African

Americans who have paved the way in education over the years. For more information please stop by the office and speak with Mr. Childs.

OUT OF FIELD TEACHER

The following teacher is teaching out of field and is not Highly Qualified due to their ESOL endorsement. Michelle Fleming — Subject Area: Elementary Ed K-6. For more information please contact our school secretary.

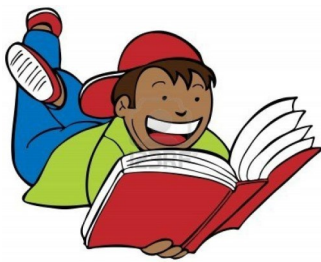

PTA GENERAL MEETING

Campbell Park PTA General Meeting will be held on Tuesday, February 13 at 6:00pm Cross and Anvil Center. Dinner will also be served.

SCHOOL ADVISORY COMMITTEE

Campbell Park SAC Meeting will be held on Tuesday, February 13, 2018 at 5:00pm at the Cross and Anvil Center.

SIMPLE STRATEGIES FOR CREATING STRONG READERS

Without doubt, reading with children spells success for early literacy. Putting a few simple strategies into action will make a significant difference in helping children develop into good readers and writers. Through reading aloud, providing print materials, and promoting positive attitudes about reading and writing, you can have a powerful impact on children's literacy and learning.

- Invite a child to read with you every day.
- When reading a book where the print is large, point word by word as you read. This will help the child learn that reading goes from left to right and understand that the word he or she says is the word he or she sees.
- Read a child's favorite book over and over again.
- Read many stories with rhyming words and lines that repeat. Invite the child to join in on these parts. Point, word by word, as he or she reads along with you.
- Discuss new words. For example, "This big house is called a palace. Who do you think lives in a palace?"
- Stop and ask about the pictures and about what is happening in the story.
- Read from a variety of children's books, including fairy tales, song books, poems, and information books.

Reading well is at the heart of all learning. Children who can't read well, can't learn. Help make a difference for a child.

INCOME TAX INFO

Free Income Tax preparation at the Campbell Park Resource Center, 1201 7th Ave So (the building next to the McLin Pool) Appointments (Monday 10 am – 1 pm, Wednesday 4 pm-7 pm)

MATH FACTS

The Math Florida Standards (MAFS) have a standard at each grade level regarding fluency. Math Fact fluency is defined as having efficient, flexible and accurate methods for computing. A key idea to note is that it does not say to compute using paper and pencil methods. Students need to be fluent in mental math, paper and pencil methods and using technology. In fact, an often overlooked and underdeveloped aspect of math fact fluency is being able to compute in all three ways, and knowing which method is best based on a given task. In addition, students must be able to determine if an exact answer or a close approximation (estimate) is sufficient.

The Math facts your child should work on for mastery by the end of the year are as follows:

- ◆ Kindergarten: addition and subtraction within 5
- ◆ First Grade: addition within 20 and subtraction within 10
- ◆ Second Grade: addition and subtraction within 20 using mental strategies.
- ◆ Third Grade: multiplication and division within 100
- ◆ Fourth Grade: fluently add and subtract multi-digit whole numbers using the standard algorithm
- ◆ Fifth Grade: fluently multiply multi-digit whole numbers using the standard algorithm

ENERGY EFFICIENT LOANS AVAILABLE

Want to lessen your electric bill? Stop by the Campbell Park Resources Center for more information 1201 7th Avenue South, St. Petersburg, Florida 33705.
