

Lealman Innovation Academy

Summer is almost here, and Pinellas County Schools is thrilled that we will once again run our very successful **High School Summer Bridge** programs in person this summer. Summer Bridge is an extended learning opportunity designed to ensure to our students have the opportunity to catch up on any graduation requirement in which they may have fallen behind during the school year so that they start next school year on-track to **graduate** with their appropriate grade levels.

Lealman Innovation Academy's program will be for rising 9th graders, 10th, 11th, and 12th graders.
