### CAMP ACTIVITIES

✓ **2 Field Trips**

- Valpak
- Tech Data

✓ **STEM activities**

\*If your child attended the 2018 STEM Honors Summer Camp, the same content will be addressed during this year's camp.

Topics will include:

- computer programming: Students will learn how to write code that make graphics POP! They will also begin to learn the C# language which may begin their path to an exciting programming career. Additionally, they will discover the many kinds of computer majors and careers, helping them make informed decisions about your future.
- multimedia productions: Students will learn the basics of multimedia design including image and video creation, composition and editing. Combine those skills in crafting their own digital story. Discover how to visualize your creative thoughts. Experience digital filmmaking or learn photography and Photoshop® techniques with hands-on, in-class and field-based instruction. Students will be immersed in the entire production process, from screenwriting and storyboarding to recording, editing and post-production using industry leading software.
- robotics: Students will design and build an exploration robot from their own imagination and compete with other teams in an object retrieval mission on a simulated obstacle course.
- STEM career exploration: Students will discuss, research and investigate exciting career possibilities in STEM fields. They will learn about what it will take for them to progress through their 8<sup>th</sup>-9<sup>th</sup> grade school years up until they get a job in their chosen career path. Students will get a chance to listen and learn about a variety of careers through experiences with guest speakers.

✓ **Lunch and Snacks**

- FREE PCS lunch will be provided each day.
- Students will need to bring their own snack (optional).
- Students will need to bring a reusable water bottle filled with water each day.
