We start the 2022-2023 school year with renewed focus on standards of professional appearance. Our school is designed to prepare students for career opportunities and student appearance is a part of that design. We expect every Tech High School student to look professional and adhere to the dress code policy. PCS posts our dress code on their web page and in the ***Student Code of Conduct***. BEFORE you buy clothes, please read this document thoroughly.

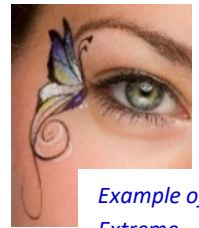

For the complete list of the dress code policy, please see the PCS ***Student Code of Conduct***

While we are talking clothes, your appearance is important. As young adults, keeping your appearance clean and tidy is essential. If you have issues that limit grooming supplies or clothes, please let your school counselor know. [Clothes to Kids](#) (click for site) gives five days of clothes to needy students and our school's social worker has a supply of personal hygiene products.

Consequences for infractions to the dress code will start at requiring changing clothes and verbal warnings to disciplinary consequences. These program requirements are not new and are in place for purposes of safety and professionalism.

Finally, we want to thank you for your cooperation with the dress code. It's the support of parents when managing 600+ teenagers that makes our school so great.

We are – **TECH HIGH!**
