Summer Seminar Information

Overview:

The Summer Seminar is a, no-cost, three-day experience where scholars will:

- Engage with like-minded peers.
- Build your portfolio for the college-going process.
- Work collaboratively with peers on projects and activities.
- Receive personalized supports from staff that includes: data analysis, transcript reviews and course progression options.
- Practice skills that will benefit you during high school and college.
- Learn from current college students about their experience in applying to and preparing for college.
- Show off your work to your family!

Seminar Dates:

Select the Seminar that works best for you and your family.
